The Inner God:

Your Inner God Carmina Harr,2014-11-07 I can certainly state that writing can change your life It is one of the therapies I practised and it had very good results That is how I began to write the book Initially out of impulse Afterwards I realized how much it helped me writing everything I felt in my heart The miracle offered by writing is that you get the answers to all your questions Those questions to which only your heart can answer Once you find answers to everything you did not even think you would come up with solutions you are absolutely healed I feel that only a person completely healed can help the others The rest is just dust in the wind The message of the book is practically beyond words If you open yourself the God within you will write with your own hand everything your mind would not even think possible A few words about me Following my inner transformation I have become what I am now What are the fundamental features that define me I am a determined woman very active I relish the experiences full of action I always know what I want and where I want to get I act for what I want I am an expansive woman full of life I attract people around me by the intelligence and refinement I have I am attracted to powerful persons with a sparkling intelligence I have spiritual aspirations and I have the spontaneous quality of leading those around me on the path of self discovery

Keys to Re-Discovering the Inner God Within You, and to Re-Empowering Yourself Wilner Colas,2023-12-15 Thank you for purchasing a copy of my first book If you are reading this book this probably means that you have spent years even months trying to find the truth about yourself Since this is my first

ever published book I will keep it as simple as I possibly could As someone with a decade of experience in the corporate world I decided to branch out and do something that is outside of the normal I want to thank my Lord and savior who gave me the motivation to write this book I want to make this book less about me and more about the Lord I believe this book will help people to discover themselves and know who they are in this world and discover their hidden gifts and talents And give them the tools needed to motivate them and strengthen them The reason I name this book Keys to re discovering the inner God within you and to re empowering yourself that is because to re discover means to find something that was once forgotten or ignored and to empower is to give official authority or legal power to I believe this book will help many people in this world to find the Inner God within themselves Now let s dig into Keys to re discovering the inner God within you and to re empowering yourself *How to Unlock Your Inner God in Three Sacred Steps* Moana Leanne Kirikino,2025-09-02 You were never broken Nothing outside of you is coming to save you The truth is simple you are already whole already divine only waiting to be remembered In this soul activating guide Moana Leanne Kirikino invites you to step beyond illusion and reclaim the truth of who you are With clarity and compassion she reveals the three sacred steps that awaken the god within shattering the false stories reclaiming your power and embodying your divine essence in everyday life Through soul led transmissions practical rituals and embodied wisdom this book becomes more than words on a page it is a mirror a key and a call home If you are ready to stop searching outside yourself and begin living as the creator of your own reality this book will show you the way Your godhood was never lost It was only waiting for you to remember **New Wine Skins** Allen A. Sweet,2020-07-19 Two thousand years ago Jesus came to establish the kingdom of God Jesus came not to judge us but to save us as Pogo the comic strip character put it From our selves Too many of us have hate in our hearts where there should be love greed in our hearts where there should be generosity and hard heartedness in our hearts where there should be compassion The list goes on Jesus spells out how to enter the kingdom of God by accomplishing by God s grace the emotional Flip within us from following the evolutionary selfish emotions of our genetic forbears to embracing the dual emotions of God s own virtues Jesus spoke God s truth in parables based on the agricultural nature of life in his time We recast Jesus emotional dualisms into the scientific understanding of our present age **The (G)od Theory** Sasha Ravae,2022-08-19 Since birth we have been conditioned to believe that money will make us happy an attractive and successful partner will make us happy a high IQ will make us happy a big house will make us happy a thriving career will make us happy a perfect life will make us happy but this is all a lie Whenever we pursue happiness we are immediately losing touch with the fact that happiness is already here right now in this very moment without us having to do anything or question anything happiness just is With The God Theory there is no script to stick to the only requirement is that you let your light shine through that you be a true manifestation of the Divine s love and not Ego The process of discovering your Inner God is all about turning your power inward instead of outward no longer giving your power away to anything or anyone and acknowledging that the

Creator put you here for a very specific reason this takes patience practice and dedication But once achieved everything in life becomes easier because we re now in flow It s all about swimming downstream
