The Second Indochina War:

The Second Indochina War William S. Turley, 2008-10-17 Now in a thoroughly revised and updated edition this classic history of the Vietnam War as seen by all participants takes into account the wealth of research and writing on the war since the book's original publication more than two decades ago. Leading scholar William S. Turley combines original research, thorough knowledge of the literature, his own insight from many trips to Vietnam during and since the war, and sound interpretation into a succinct and well-crafted analysis that provides a balanced treatment of the Vietnamese, Lao, Khmer, and American dimensions of the war.

The Second Indochina War William S. Turley, 1986-04-15

Four Decades On Scott Laderman, Edwin A. Martini, 2013-06-06 In *Four Decades On*, historians, anthropologists, and literary critics examine the legacies of the Second Indochina War or what most Americans call the Vietnam War nearly forty years after the United States finally left Vietnam. They address matters such as the daunting tasks facing the Vietnamese at the war's end, including rebuilding a nation and consolidating a socialist revolution while fending off China and the Khmer Rouge and the Vietnam syndrome, the cynical, frustrated, and pessimistic sense that colored America's views of the rest of the world after its humiliating defeat in Vietnam. The contributors provide unexpected perspectives on Agent Orange, the POW/MIA controversies, the commercial trade relationship between the United States and Vietnam, and representations of the war and its aftermath produced by artists, particularly writers. They show how the war has continued to affect not only international relations but also the everyday lives of millions of people around the world. Most of the contributors take up matters in the United States, Vietnam, or both nations, while several utilize transnational analytic frameworks recognizing that the war's legacies shape and are shaped by dynamics that transcend the two countries. Contributors: Alex Bloom, Diane Niblack, Fox H. Bruce Franklin, Walter Hixson, Heonik Kwon, Scott Laderman, Mariam B. Lam, Ngo Vinh Long, Edwin A. Martini, Viet Thanh Nguyen, Christina Schwenkel, Charles Waugh.

The Second Indochina War William S. Turley, 2019-07-11 In the United States, discussion of the Vietnam War has tended to focus on the U.S. role, U.S. strategy, U.S. diplomacy, and the war's effects on American society. The tendency to hold U.S. domestic politics responsible for the war's outcome implies that events in Indochina were nothing more than a backdrop for an essentially American drama. In contrast, *The Second Indochina War* emphasizes the Vietnamese dimensions of a conflict in which all of Indochina—Vietnam, Laos, and Cambodia—was treated as a single strategic unit. The author contends that only from this perspective is it clear how the war began, why its scale outstripped U.S. expectations, and why the Communists prevailed. Professor Turley gives a balanced account of events in and views from Washington, Saigon, and Hanoi. Drawing on years of research in primary documents and interviews conducted by the author in Saigon and Hanoi, the book focuses on the experience, strategies, leadership, and internal politics of the revolutionary side. To set the scene, the author considers the legacies of colonial rule in Indochina and the origins of the U.S. commitment there. He recounts the development of the Saigon regime and explains the bases of revolution in the South, the

key communist decisions and the North's response to bombing. The major military campaigns are clearly described and analyzed, as are the negotiations that led to the Paris Agreement and its aftermath. Vietnam is the central focus, but the reader's attention is also drawn to the strategies and events that unified the conflict in all three countries of Indochina into a single war. Concise yet comprehensive, *The Second Indochina War* is suitable for the general reader as a text for courses on the war or as supplementary reading for courses on Southeast Asian politics, U.S. foreign policy, revolutionary conflict, and Asian regional security. An annotated bibliography and chronology enhance its usefulness. Original material on communist internal debates and military campaigns based on primary documents in Vietnamese will also make this book a valuable resource for scholars of Southeast Asia.

A Revolution in Indochina Robert Tuxford, 2011-10. *A Revolution in Indochina* is a story of two Indochina wars. The story gives a brief history of Indochina. The Chinese were Indochina's overlords for 1,000 years. Eventually, the Chinese gave Indochina to the French. At the end of WWII, the French wanted their colony returned to them. The Vietnamese Communist wanted the French out of Indochina, thus the First Indochina War began. In 1954, the Communist defeated the French. During 1955 through 1961, there was conflict within Indochina. Eventually, this led to the Second Indochina War. In October 1961, President Kennedy began to send military advisors to Indochina. In 1962, the author was one of those so-called advisors. In 1973, all U.S. forces withdrew. With the U.S. gone, the North Vietnamese invaded and took control. Thus, the Second Indochina War ended.

The Second Indochina War Wilfred G. Burchett, 1970. **The Second Indochina War** John Schlight, 1986. **The Second Indochina War** Ang Cheng Guan, 2025-11-03. Drawing upon Vietnamese, Chinese, former Soviet, and American sources, Ang Cheng Guan provides an updated and concise account of the Vietnam War, 1954-1975, from the Vietnamese communists' perspective. In the last few decades, discourse on the Second Indochina War has shifted towards the South and its allies. To mark the 50th anniversary of the fall of Saigon, Ang revisits the experiences of the North. Focusing on scholarship published within the last 30 years, the book reexamines the 1954 Geneva Conference, the end of the First Vietnam War, through the Second Vietnam War to the 1975 Fall of Saigon, bringing readers up to date on the current state of the field. This book is a valuable resource for scholars and students of history, war studies, peace, and conflict studies, as well as for those interested in the historical and contemporary implications of the Vietnam War.

Vietnam War: a Captivating Guide to the Second Indochina War Captivating History, 2017-12-10. Explore the Captivating History of the Vietnam War. The Vietnam War represented a watershed not only in American and Vietnamese history but also internationally. It wasn't just a battle between two nations but between two ideologies, two military strategies, and a fight for the hearts and minds of two vastly different national populations. Few conflicts in global history symbolize as much as Vietnam. From the civil rights movement to the role of the media in warfare, the Vietnam War was unique in the sense that it could not be contained as a military matter but transcended across every area of Vietnamese and American society. The word Vietnam describes an era of history, not just an isolated war in a small nation in Southeast Asia. It is the lens

through which the America and Vietnam of today must be interpreted Few conflicts have or will ever shape the world as much as the Vietnam War Some of the topics and questions covered in this book include The French and the First Indochina War Out of the Frying Pan Into the Fire The Government of Ngo Dinh Diem Pragmatism and Idealism The Death of Two Catholic Presidents Smoke and Mirrors Johnson s War The American War Machine The Tet Nightmare Nixon and Kissinger Get the book now and learn more about the Vietnam War [A Gracious Enemy](#) Michael G Kramer Omieau,2019-07-21 The full story of the three Indochina Wars including warts and all The first was the Indochinese People fighting against the French colonists and their suppliers and allies from the USA The second was the people of Indochina Cambodia Laos Vietnam fighting against an allied coalition force made up of Australia New Zealand South Korea Thailand South Vietnam and the USA The Second Indochina War is usually referred to as the Vietnam War This book examines the re adjustment of Vietnamese society after the uprising of the Tay Son Brothers in 1770 their stopping of the Trin and Nguyen families oppression of the Vietnamese people The coming of the Catholic Church and how this affected the people is examined As well the activities of Pineau de Bahrain who was a missionary and the Bishop of Adran he did much to ensure the French takeover of the majority of South East Asia That was followed by the French takeover and full colonisation and rule by France To better control the people the French forbade the use of Chinese characters in writing and transcribed the entire Vietnamese language into the Latin alphabet which was then taught in all schools During WW2 for the first time Asian People could see that the Caucasian People White men could be beaten That resulted in the First Indochina War which ended with the French defeat at Dien Bien Phu The Second Indochina War ended in 1975 with the withdrawal of the last American soldier from Vietnam The Third Indochina War ended when the Vietnamese Army invaded Kampuchea resulting in Vietnamese tanks entering its capital while the Pol Pot administration fled into the jungle **Beyond Stalemate: The Second Indochina War as a Genocidal War System** Kelly Kieran,2013 In the historiography of the 2nd Indochina War commonly referred to as the Vietnam War areas where one would expect some sort of common knowledge consensus are contrary to expectation diverging rather than moving towards agreement For example the issue of who won the war is by no means settled Also up for debate are questions such as when the war occurred why the war occurred how the war was fought what sort of war it was and who if anyone started the war Thus it can be said that the controversies of this conflict are qualitatively different from normal historical controversies This arises because of the immense reluctance in the Western discourse to deal directly with the fact that the intentional and systematic mass killing of civilians primarily through aerial bombardment was a major component of the US effort When this central fact along with other neglected but salient matters is fully incorporated into an analysis of US tactics it becomes clear that they were never engaged in an attempt to win victory in war but rather in an attempt to inflict the maximum level of destruction of the countries and peoples of Indochina an act of genocide [Vietnamese Communists' Relations with China and the Second Indochina Conflict, 1956-1962](#) Cheng Guan Ang,1997-01-01 According to the final
