*White Castle: The Evaluation of an Upstanding Prehistoric Enclosure in East Lothian* David Connolly, Murray Cook, Hana Kdolska, 2021-03-11 This book describes the results of a four year research programme of archaeological works 2010-3 at the later prehistoric enclosure of White Castle East Lothian The excavations demonstrated a clear sequence of enclosure development over time whereby the design and visual impact often appeared to be more important than defence alone

The White Castle Orhan Pamuk, 2010-08-24 From the Nobel Prize winner and the acclaimed author of *My Name is Red* comes a dazzling work of historical fiction and a treatise on the enigma of identity and the relations between East and West From a Turkish writer who has been compared with Borges Nabokov and DeLillo a young Italian scholar in the 17th century sailing from Venice to Naples is taken prisoner and delivered to Constantinople There he falls into the custody of a scholar known as Hoja master a man who is his exact double In the years that follow the slave instructs his master in Western science and technology from medicine to pyrotechnics But Hoja wants to know more why he and his captive are the persons they are and whether given knowledge of each other's most intimate secrets they could actually exchange identities Set in a world of magnificent scholarship and terrifying savagery *The White Castle* is a colorful and intricately patterned triumph of the imagination Translated from the Turkish by Victoria Holbrook

Hogan,1997-12-01 A sweeping history of the quintessential American food the hamburger In the wake of World War I the hamburger was still considered a disreputable and undesirable food Yet by 1930 Americans in every corner of the country accepted the hamburger as a mainstream meal and eventually made it a staple of their diet The quintessential American food hamburgers have by now spread to almost every country and culture in the world But how did this fast food icon come to occupy so quickly such a singular role in American mass culture In Selling em By the Sack David Gerard Hogan traces the history of the hamburger s rise as a distinctive American culinary and ethnic symbol through the prism of one of its earliest promoters The first to market both the hamburger and the to go carry out style to American consumers White Castle quickly established itself as a cornerstone of the fast food industry Its founder Billy Ingram shrewdly marketed his hamburgers in large quantities at five cents a piece telling his customers to Buy em by the Sack The years following World War II saw the rise of great franchised chains such as McDonald s which challenged and ultimately overshadowed the company that Billy Ingram founded Yet White Castle stands as a charismatic
