The Flood Year 1927 Susan Scott Parrish, 2018-12-04 A richly nuanced cultural history of the Great Mississippi flood The Great Mississippi Flood of 1927 was the most destructive river flood in U.S. history drowning crops and displacing more than half a million people across seven states It was also the first environmental disaster to be experienced virtually on a mass scale The Flood Year 1927 draws from newspapers radio broadcasts political cartoons vaudeville blues songs poetry and fiction to show how this event provoked an intense and lasting cultural response Americans at first seemed united in what Herbert Hoover called a great relief machine but deep rifts soon arose Southerners pointing to faulty federal levee design decried the attack of Yankee water The condition of African American evacuees prompted comparisons to slavery from pundits like W. E. B. Du Bois and Ida B. Wells And environmentalists like Gifford Pinchot called the flood the most colossal blunder in civilized history Susan Scott Parrish examines how these and other key figures from entertainers Will Rogers Miller Lyles and Bessie Smith to authors Sterling Brown William Faulkner and Richard Wright shaped public awareness and collective memory of the event The crises of this period that usually dominate historical accounts are war and financial collapse but The Flood Year 1927 allows us to assess how mediated environmental disasters became central to modern consciousness
