Introducing *Foundations of Interprofessional Collaborative Practice in Health Care* a unique new textbook that will equip you to become an effective member of interprofessional healthcare teams. This completely new textbook is the first on the market to introduce the Interprofessional Education Collaborative (IPEC) 2011-2016 Core Competencies for Interprofessional Collaborative Practice and to provide practice in applying these competencies to everyday practice. It then elaborates each Core Competency by defining and describing each Sub-Competency. With a variety of interactive Case Studies, Caselets, and Exemplar Case Studies, it then illustrates the contributions and interconnectedness of each provider's role to demonstrate how Core Competencies would be applied and put into action for improved patient outcomes.

UNIQUE Three-part units each addressing one of the four IPEC Core Competencies to help you to understand the core competencies and learn how to apply them in your own profession.

UNIQUE Detailed explorations of each Sub-Competency for all four IPEC Core Competencies thoroughly present the essential elements of each Core Competency for deep understanding of how to collaborate with other professions.

UNIQUE Case Studies, Caselets, and Exemplar Case Studies illustrate each competency and provide opportunities for you to apply your understanding of the material. A variety of Active Learning activities driven by core content are integrated into each chapter.

UNIQUE Global Perspectives boxes and additional international resources highlight the important work being done internationally in interprofessional education and interprofessional collaborative practice. Research Highlights help you to understand the reasoning and knowledge behind the Core Competencies. Learning Outcomes and Key Points outline and review the main takeaways from each chapter.
