advocated racial and social justice in the South when such views were not only unpopular but dangerous effectively laying a foundation for the civil rights movement of the 1950s and 1960s Raper was one of the first white southern scholars to speak out against lynching sharecropping and tenant farming in his pioneering and highly influential books *The Tragedy of Lynching* 1933 *Preface to Peasantry* 1936 *Sharecroppers All* 1941 and *Tenants of the Almighty* 1943 He also contributed significantly to Gunnar Myrdal's important study of U S race relations *An American Dilemma* 1944 Mazzari carefully dissects Raper's works casting them in a larger historical context and examining both the acclaim and anger they elicited in the South He portrays Raper as a political and social radical fighting against southern racial and economic problems during the country's transition from an agrarian culture to a modern one in an effort to keep the region from falling even further behind in an increasingly sophisticated world Hostility toward his beliefs eventually led Raper to leave the South He worked on the reconstruction of Japan after World War II and in Asia Africa and the Middle East at the height of the Cold War promoting the same mix of federal planning and local control he had practiced in the New Deal South In the life of Arthur Raper Mazzari locates a larger story of liberalism in the white South Raised on a North Carolina tobacco farm and educated at Chapel Hill under Howard Odum Raper was remarkable for taking up issues of race and class to advocate modern views in a part of the world where adherence to the past was almost pathological and then going on to advance a liberal modernist version of Jeffersonian democracy throughout the Third World He looked critically at the causes of racial violence and successfully conveyed scientific sociology into broad circulation through mass culture
