Wikchamni Grammar:

Wikchamni Grammar Geoffrey Gamble, 1978 **Wikchamni Grammar** Geoffrey Gamble, 1978 *Wikchamni Grammar* Geoffrey L. Gamble, 1975 *The World Atlas of Language Structures* Martin Haspelmath, 2005-07-21

The World Atlas of Language Structures is a book and CD combination displaying the structural properties of the world's languages. 142 world maps and numerous regional maps all in colour display the geographical distribution of features of pronunciation and grammar such as number of vowels, tone systems, gender plurals, tense, word order, and body part terminology. Each world map shows an average of 400 languages and is accompanied by a fully referenced description of the structural feature in question. The CD provides an interactive electronic version of the database which allows the reader to zoom in on or customize the maps to display bibliographical sources and to establish correlations between features. The book and the CD together provide an indispensable source of information for linguists and others seeking to understand human languages. The Atlas will be especially valuable for linguistic typologists, grammatical theorists, historical and comparative linguists, and for those studying a region such as Africa, Southeast Asia, North America, Australia, and Europe. It will also interest anthropologists and geographers. More than fifty authors from many different countries have collaborated to produce a work that sets new standards in comparative linguistics. No institution involved in language research can afford to be without it.

General and Amerindian Ethnolinguistics Mary Ritchie Key, Henry M. Hoenigswald, 2019-07-22. No detailed description available for General and Amerindian Ethnolinguistics. Studies in American Indian Languages Leanne Hinton, Pamela Munro, 1998. This collection of 31 articles dedicated to Margaret Langdon represents the multitude of approaches to Native American languages taken by linguists today. Half of the essays treat Hokan languages but Uto-Aztecan, Penutian, Muskogean, Iroquoian, Mayan, and other groups are also represented with pieces on phonology, syntax, the lexicon, and discourse.

California Indian Languages Victor Golla, 2011-09-20. Victor Golla has been the leading scholar of California Indian languages for most of his professional life and this book shows why. His ability to synthesize centuries of fieldwork and writings while bringing forward new ideas and fresh ways of looking at California's famous linguistic diversity will make this the primary text for anyone interested in California languages. Leanne Hinton, Professor Emerita of Linguistics, University of California Berkeley, and author of *How to Keep Your Language Alive*. This book is a wonderful contribution that only Golla could have written. It is a perfect confluence of author and subject matter. Ives Goddard, Senior Linguist Emeritus, Smithsonian Institution. Golla is a gifted polymath and *California Indian Languages* is certainly his landmark achievement. Required reading for any linguist, archaeologist, ethnographer, or historian interested in aboriginal California. Robert L. Bettinger, Professor of Anthropology, University of California Davis, and author of *Hunter-Gatherer Foraging*. The preeminent figure in his field. Victor Golla has written a masterpiece filled with treasures for every audience: Indian communities working toward cultural and linguistic revival; general readers interested in the many cultures of Native California; and scholars in the fields of language

archaeology and prehistory The information here is so detailed that it supersedes all previous reference works Andrew Garrett Professor of Linguistics University of California Berkeley and Director Survey of California and Other Indian Languages This is a truly magnificent work at once authoritative comprehensive accessible to a wide readership and fascinating Masterfully integrating linguistic archaeological historical and cultural information the author describes not just the languages but also the major figures in the story speakers explorers missionaries and scholars It is beautifully written a great pleasure to read and difficult to put down Marianne Mithun author of *The Languages of Native North America*

Pronouns D. N. Shankara Bhat,2004 On the basis of a cross linguistic study of over 250 languages this book brings to light several fascinating characteristics of pronouns It argues that these words do not form a single category but rather two different categories called personal pronouns and proforms It points out several differences between the two such as the occurrence of a dual structure among proforms but not among personal pronouns These differences are shown to derive from the distinct functions that the two categories have to perform in language The book also shows that the so called interrogative pronouns o Concise Encyclopedia of Grammatical Categories K. Brown,J. Miller,1999-10-22 Complementing Brown Miller s recent Concise Encyclopedia of Syntactic Theories 1996 to which this is a companion volume this encyclopedia is a collection of articles drawn from the highly successful Encyclopedia of Language and Linguistics It presents a collection of 79 articles all of which have been revised and updated It also provides a number of newly commissioned articles one of which has been substantially updated and extended The volume is alphabetically organised and includes an introduction and a glossary The Concise Encyclopedia of Grammatical Categories will provide a uniquely comprehensive and authoritative overview of the building blocks of syntax word classes sentence clause types functional categories of the noun and verb anaphora and pronominalisation transitivity topicalisation and work order **Language** George Melville Bolling,Bernard Bloch,2004 **Topics in Historical Chumash Grammar** Kathryn Klar,1977 *Indian Linguistics* ,1981

International Journal of American Linguistics ,1999 **Language Typology** Graham Mallinson,Barry J. Blake,1981 Includes data from and comments on the structure of several Australian languages including Warlpiri and Dyirbal

Linguistic Inquiry ,1985 Research on current topics in linguistic theory including new theoretical developments based on the latest international discoveries **University of California Publications in Linguistics** ,1943 The Publishers' Trade List Annual ,1985 **Native American Folklore, 1879-1979** ,1984 *Linguistic Change and Reconstruction Methodology* Philip Baldi,1990 Quotative Indexes in African Languages Tom Güldemann,2008 The results of the African survey challenge several prevailing cross linguistic generalizations regarding quotative indexes and reported discourse constructions as a whole of which two are of particular interest BOOK JACKET
