Philip Joseph Deloria

Wild Western Desire:

Wild Western Desire Kathy Jones,1993 **Landscapes of the New West** Krista Comer,1999 In the early 1970s empowered by the civil rights and women s movements a new group of women writers began speaking to the American public Their topic broadly defined was the postmodern American West By the mid 1980s their combined works made for a bona fide literary groundswell in both critical and commercial terms However as Krista Comer notes despite the attentions of publishers the media and millions of readers literary scholars have rarely addressed this movement or its writers Too many critics Comer argues still enamored of western images that are both masculine and antimodern have been slow to reckon with the emergence of a new far more feminine postmodern multiracial and urban west Here she calls for a redesign of the field of western cultural studies one that engages issues of gender and race and is more self conscious about space itself_ especially that cherished symbol of western authenticity open landscape Surveying works by Joan Didion Wanda Coleman Maxine Hong Kingston Leslie Marmon Silko Barbara Kingsolver Pam Houston Louise Erdrich Sandra Cisneros and Mary Clearman Blew Comer shows how these and other contemporary women writers have mapped new geographical imaginations upon the cultural and social spaces of today s American West Wild Western Nights Sara Orwig,2011-09-01 A cowboy is reunited with his former love and discovers he is the father of her child in this sexy romance from a USA Today bestselling author Gabe you have a daughter Six years ago Gabe Benton left Texas to seek his fortune The woman he loved and left behind was heartbroken and fled the state with a secret She was pregnant with his child Now Gabe is a millionaire ranch owner And beautiful Maddie Halliday is back temporarily The passion between them is still hotter than the Texas sun But when Gabe proposes for their daughter s sake Maddie s flat out no stuns him Can the man who always gets his way learn to compromise for the sake of cherished family days and wild Western nights Western Gunslingers in Fact and on Film Buck Rainey,2015-11-17 Billy the Kid Wild Bill Hickok Belle Starr Wyatt Earp the Younger Gang the Dalton Doolin Gang and Bat Masterson these real life lawmen and lawbreakers have been the basis of so many Hollywood Westerns that it has become difficult to discover where the truth ends and the legend begins All actually became larger than life characters during their lifetimes as contemporary newspapers and books embellished their deeds for their own purposes But it was in Hollywood that the line between reality and myth was completely blurred Each chapter length entry here first focuses on the known facts of the people s lives and how each became truly legendary during their lifetimes The reality is then compared to how they have been portrayed in the movies **American Historical Fiction** Lynda G. Adamson,1998-10-21 This publication will fill a gap in the bibliographic reference shelf by identifying historical novels for both adult and young adult readers I American Historical Fiction R contains over 3 000 titles set in states and historical regions of the United States Entries are organized by time period The newest titles as well as old favorites are covered The volume is indexed by author title genre subject and geographic setting The Comic Book Western Christopher Conway,Antoinette Sol,2022-06 2023

Ray and Pat Browne Award for Best Edited Collection in Popular and American Culture One of the greatest untold stories about the globalization of the Western is the key role of comics Few American cultural exports have been as successful globally as the Western a phenomenon commonly attributed to the widespread circulation of fiction film and television The Comic Book Western centers comics in the Western s international success Even as readers consumed translations of American comic book Westerns they fell in love with local ones that became national or international sensations These essays reveal the unexpected cross pollinations that allowed the Western to emerge from and speak to a wide range of historical and cultural contexts including Spanish and Italian fascism Polish historical memory the ideology of sh jo manga from Japan British post apocalypticism and the gothic race and identity in Canada Mexican gender politics French critiques of manifest destiny and gaucho nationalism in Argentina The vibrant themes uncovered in The Comic Book Western teach us that international comic book Westerns are not hollow imitations but complex and aesthetically powerful statements about identity culture and politics

Red Lodge and the Mythic West Bonnie Christensen,2002 Tracing the story of Red Lodge from the 1880s to the present Christensen tells how a mining town managed to endure the vagaries of the West s unpredictable extractive industries economy She connects Red Lodge to a myriad of larger events and historical forces to show how national and regional influences have contributed to the development of local identities exploring how and why westerners first rejected and then embraced western images and how ethnicity wilderness and historic preservation became part of the identity that defined one town

BOOK JACKET **The Western Fruit-grower** ,1904 **The Typographical Journal** ,1892 *Biennial Report* Wyoming State Board of Child and Animal Protection,1914 **Western Wilds, and the Men who Redeem Them** John Hanson Beadle,1877 **Tenting on the Plains** Elizabeth Bacon Custer,1889 From the time of her husband s death at the Battle of the Little Big Horn until her own death fifty seven years later at the age of ninety Mrs George Armstrong Custer devoted herself to defending or embellishing her husband s reputation This account the second in Elizabeth s trilogy of her life with the General focuses on the period immediately following the Civil War when the Custers were stationed in Louisiana Texas and Kansas She portrays the aftermath of the Civil War in Texas and life in Kansas while her husband took part in General Winfield Hancock s 1867 expedition against the Indians between the Arkansas and Platte rivers Throughout she provides detailed descriptions of an army officer s home life on the frontier during this major period of Indian unrest **Country Guide and Nor'west Farmer** ,1925 **Motor West** ,1921 **Indians in Unexpected Places** Philip Joseph Deloria,2004 Despite the passage of time our vision of Native Americans remains locked up within powerful stereotypes That s why some images of Indians can be so unexpected and disorienting What is Geronimo doing sitting in a Cadillac Why is an Indian woman in beaded buckskin sitting under a salon hairdryer Such images startle and challenge our outdated visions even as the latter continue to dominate relations between Native and non Native Americans Philip Deloria explores this cultural discordance to show how stereotypes and Indian experiences have competed for ascendancy in the

wake of the military conquest of Native America and the nation's subsequent embrace of Native authenticity. Rewriting the story of the national encounter with modernity, Deloria provides revealing accounts of Indians doing unexpected things: singing opera, driving cars, acting in Hollywood in ways that suggest new directions for American Indian history. Focusing on the late nineteenth and early twentieth centuries, a time when, according to most standard American narratives, Indian people almost dropped out of history itself, Deloria argues that a great many Indians engaged the very same forces of modernization that were leading non-Indians to reevaluate their own understandings of themselves and their society. He examines longstanding stereotypes of Indians as invariably violent, suggesting that even as such views continued in American popular culture, they were also transformed by the violence at Wounded Knee. He tells how Indians came to represent themselves in Wild West shows and Hollywood films, and also examines sports, music, and even Indian people's use of the automobile, an ironic counterpoint to today's highways teeming with Dakota pickups and Cherokee sport utility vehicles. Throughout, Deloria shows us anomalies that resist pigeonholing and force us to rethink familiar expectations. Whether considering the Hollywood films of James Young Deer or the Hall of Fame baseball career of pitcher Charles Albert Bender, he persuasively demonstrates that a significant number of Indian people engaged in modernity and helped shape its anxieties and its textures at the very moment they were being defined as primitive. These secret histories, Deloria suggests, compel us to reconsider our own current expectations about what Indian people should be, how they should act, and even what they should look like. More important, he shows how such seemingly harmless, even if unconscious, expectations contribute to the racism and injustice that still haunt the experience of many Native American people today.
