Susan Sontag Reader:

A Susan Sontag Reader Susan Sontag, 1982 *A Susan Sontag Reader* Susan Sontag, 1983 **A Susan Sontag Reader** Susan Sontag, 1982 *At the Same Time* Susan Sontag, 2007-03-06

A writer is someone who pays attention to the world Susan Sontag said in her 2003 acceptance speech for the Peace Prize of the German Book Trade and no one exemplified this definition more than she Sontag's incisive intelligence expressive brilliance and deep curiosity about art politics and the writer's responsibility to bear witness have secured her place as one of the most important thinkers and writers of the twentieth century *At the Same Time* gathers sixteen essays and addresses written in the last years of Sontag's life when her work was being honored on the international stage that reflect on the personally liberating nature of literature her deepest commitment and on political activism and resistance to injustice as an ethical duty She considers the works of writers from the little known Soviet novelist Leonid Tsypkin who struggled and eventually succeeded in publishing his only book days before his death to the greats such as Nadine Gordimer who enlarge our capacity for moral judgment Sontag also fearlessly addresses the dilemmas of post 9/11 America from the degradation of our political rhetoric to the appalling torture of prisoners in Abu Ghraib *At the Same Time* which includes a foreword by her son David Rieff is a passionate compelling work from an American writer at the height of her powers who always saw literature as a passport to enter a larger life the zone of freedom *The New York Intellectuals Reader* Neil Jumonville, 2013-10-31

In the early 1930s in a small alcove at City College in New York a group of young passionate and politically radical students argued for hours about the finer points of Marxist doctrine the true nature of socialism and whether or not Stalin or Trotsky was the true heir to Lenin These young intellectuals went on to write for and found some of the most well known political and literary journals of the 20th century such as *The Masses* *Politics* *Partisan Review* *Encounter* *Commentary* *Dissent* and *The Public Interest* Figures such as Daniel Bell Nathan Glazer Sidney Hook Susan Sontag Dwight MacDonal and Seymour Lipset penned some of the most important books of social science in the mid twentieth century They believed above all else in the importance of argument and the power of the pen They were a vibrant group of engaged political thinkers and writers but most importantly they were public intellectuals committed to addressing the most important political social and cultural questions of the day Here with helpful head notes and a comprehensive introduction by Neil Jumonville *The New York Intellectuals Reader* brings the work of these thinkers back into conversation **I, etcetera** Susan Sontag, 2013-10-01

In eight stories this singular collection of short fiction written over the course of ten years explores the terrain of modern urban life In reflective telegraphic prose Susan Sontag confronts the reader with exposed workings of an impassioned intellect in narratives seamed with many of the themes of her essays the nature of knowing our relationship with the past and the future in an alienated present **The McGraw-Hill Reader** Gilbert H. Muller, 1994

This reader presents classic and contemporary essays Organized thematically it includes prose works spanning various ages cultures and subjects This updated edition includes 130 complete essays two

new chapters on gender and on the environment and an introductory chapter on the reading and writing process It also contains more work by women and writers from multicultural heritages *A Reader-response Approach to Susan Sontag's Death Kit* Arnold Arthur Stead,1988 **The Making of Dissidents** Victoria Harms,2024-09-17 Before Hungary's transition from communism to democracy local dissidents and like minded intellectuals activists and academics from the West influenced each other and inspired the fight for human rights and civil liberties in Eastern Europe Hungarian dissidents provided Westerners with a new purpose and legitimized their public interventions in a bipolar world order *The Making of Dissidents* demonstrates how Hungary's Western friends shaped public perceptions and institutionalized their advocacy long before the peaceful revolutions of 1989 But liberalism failed to take root in Hungary and Victoria Harms explores how many former dissidents retreated and Westerners shifted their attention elsewhere during the 1990s paving the way for nationalism and democratic backsliding **The Prose Reader** Kim Flachmann,1996 **Writing and Victorianism** J.B. Bullen,2014-06-06 *Writing and Victorianism* asks the fundamental question what is Victorianism and offers a number of answers taken from methods and approaches which have been developed over the last ten years This collection of essays written by both new and established scholars from Britain and the U S A develops many of the themes of nineteenth century studies which have lately come to the fore touching upon issues such as drugs class power and gender Some essays reflect the interaction of word and image in the nineteenth century and the notion of the city as spectacle others look at Victorian science finding a connection between writing and the growth of psychology and psychiatry on the one hand and with the power of scientific materialism on the other As well as key figures such as Dickens Tennyson and Wilde a host of new names are introduced including working class writers attempting to define themselves and writers in the Periodical press who once anonymous exercised a great influence over Victorian politics taste and social ideals From these observations there emerges a need for self definition in Victorian writing History ancestry and the past all play their part in figuring the present in the nineteenth century and many of these studies foreground the problem of literary social and psychological identity

American Magic and Dread Mark Osteen,2000-06-19 A strongly argued analysis and close reading of DeLillo's works There is much here in the methodology and discussion of postmodern themes and techniques that will have relevance to American studies and cultural studies more widely *Forum for Modern Language Studies* *I, Etcetera* Susan Sontag,1991 In eight stories this singular collection of short fiction written over the course of ten years explores the terrain of modern urban life In reflective telegraphic prose Susan Sontag confronts the reader with exposed workings of an impassioned intellect in narratives seamed with many of the themes of her essays the nature of knowing our relationship with the past and the future in an alienated present **HARBACE COLLEGE READER** ,1968 *The Reader's Adviser* ,1986 *The Curious Reader* Bruce Ballenger,Michelle Payne,2002-07 Motivating four level course for young learners that integrates reading grammar writing Bright Star Readers provide extensive reading graded by level and supported by illustrations
