**Talking Cure** Paula Marantz Cohen, 2015-02-25 An invigorating exploration of the pleasures and social importance of conversation Talking Cure is a timely and enticing excursion into the art of good conversation Paula Marantz Cohen reveals how conversation connects us in ways that social media never can and explains why simply talking to each other freely and without guile may be the first step to curing what ails our troubled society Drawing on her lifelong immersion in literature and culture and her decades of experience as a teacher and critic Cohen argues that we learn to converse in our families and then carry that knowledge into a broader world where we encounter diverse opinions and sensibilities She discusses the role of food in encouraging conversation the challenges of writing dialogue in fiction the pros and cons of Zoom the relationship of conversation to vaudeville acts and the educational value of a good college seminar where students learn to talk about ideas Cohen looks at some of the famous groups of writers and artists in history whose conversation fed their creativity and details some of the habits that can result in bad conversation Blending the immediacy of a beautifully crafted memoir with the conviviality of an intimate gathering with friends Talking Cure makes a persuasive case for the civilizing value of conversation and is essential reading for anyone interested in the chatter that fuels culture *The Talking Cure* Jane M. Shattuc, 2014-04-04 The Talking Cure examines four nationally syndicated television talk shows Donahue The Oprah Winfrey Show Geraldo and Sally Jessy Raphael which are primarily devoted to feminine culture and issues Serving as one of the few public forums where working class women and those with different sexual orientations have a voice these talk shows represent American TV at its most radical Shattuc examines the tension between talk s feminist politics and the television industry who in their need to appeal to women trades on sensation stereotypes and fears in order to engender product consumption However this genre is not a one way form of social interaction The female audience complies and resists in a complex give and take and it is this relationship which The Talking Cure aims to understand and reveal *Sound, Music, Affect* Marie Thompson, Ian Biddle, 2013-03-14 Sound Music Affect features brand new essays that bring together the burgeoning developments in sound studies and affect studies The first section sets out key methodological and theoretical concerns focussing on the relationships between affective models and sound The second section deals with particular musical case studies exploring how reference to affect theory might change or reshape some of the ways we are able to make sense of musical materials The third section examines the politics and practice of sonic disruption from the notion of noise as prophecy to the appropriation of bad vibes for pleasurable aesthetic and affective experiences And the final section engages with some of the ways in which affect can help us understand the politics of chill relaxation and intimacy as sonic encounters The result is a rich and multifaceted consideration of sound music and the affective from scholars with backgrounds in cultural theory history literary studies media studies architecture philosophy and musicology **The Talking Cure** Archie Johnson, 2013-10-27 The Talking Cure Volume II is a doctor s personal and professional story to find a way to navigate

New Outlook ,1923      **Printers' Ink Monthly** ,1922      *The Talking Cure* Melissa Stern,2012 The Talking Cure takes its name from Sigmund Freud s original description of psychoanalysis I made twelve sculptures some of the folks living in my brain made real I then asked twelve writers poets novelists screenwriters and playwrights to each choose a sculpture to which they related most intimately Each wrote his or her imagined monologue of the goings on in the sculpture s mind The next step in the game was to find twelve actors and have them each record one of the monologues With minimum direction from me they spoke their interpretations of the written pieces that had in turn been inspired by each sculpture It s been like a game of whisper down the lane with each participant interpreting what they see or read and giving each next step a little tweak of their own The audio recordings were coded and sent up onto the Inter Web When you point your phone at the code it triggers the audios And now by looking reading and listening to the work you too will become part of the collaboration excerpted from *The Talking Cure* introduction Melissa Stern Feb 12 2012      **Getting acquainted with your other self** Eugene Victor Legaren,1926      *Nursing World* ,1922      **Talking Power** Robin T.
