Tuttle,2009-03-22 The immortal Mage has gathered six of the world's greatest magicians to embark upon a mysterious mission that appears to be at odds with King Arik's fulfillment of the Ancient Prophecy The stakes have never been higher nor the situation ever so dire Amethyst of the Gods is the final volume of the Sword of Heavens series Down Solo Earl Javorsky,2017-12-08 Things haven't been going well for Charlie Miner His work as a private investigator involves him with an endless roster of shady characters His ex wife is borderline crazy And he hasn't been getting to spend anywhere near enough time with his teenage daughter Mindy the one person in his life who truly matters to him When he wakes up on a slab in the morgue with a hole in his head though things get even worse Just before the shooting Charlie was investigating a case involving fraud gold religious zealots and a gorgeous woman who seemed to be at the center of everything Even with a fatal bullet wound Charlie can connect the dots from the case to his attack And when his daughter is abducted by someone involved the stakes get exponentially higher Charlie needs to find Mindy before the criminals do the same thing to her that they did to him After that maybe he'll try to figure out how he's walking around dead Irreverent circuitous and surprisingly touching Down Solo introduces a crisp new voice to suspense fiction **A Life Without Consequences** Stephen Elliott,2002-07 A Life Without Consequences is a semi biographical novel from emerging author Steve Elliott His novel traces the fate of Paul a boy whose mother has died and who runs away from a violent father The book follows Paul from living on the streets of Chicago to passing through juvenile institutions and a state system that is primarily programmed for failure

There he meets Tanya and they fall in love but they are young and are separated after a failed attempt to escape the institution Paul battles through the violent system all the while battling his own rapidly budding adolescence But as he turns sixteen he starts to come to terms with his own path not as an adult but as a scared child Paul's emotions that we think of as anger are actually the determination to take control of his future As he starts to overcome the system that has housed him we see him developing a voice and a future of his own but one day Tanya reappears in his life and the real decisions have to be made While the characters are fictional they do not have to be they are representative of many and we realize the fragility of childhood and the burden on the children who have nowhere else to go

Smilodon James Paddock, 2011-07-13 Book 1 of the Smilodon trilogy Imagine recreating the saber-toothed cat for fun The possibility sounds exciting but the reality could be nightmarish In James Paddock's new novel Smilodon the main character is drawn into a world where man becomes the hunted It is fast-paced fiction where cats change the rules and people run for their lives Tigers in the wild and a lucrative fee lure freelance writer Zechariah Price into the frozen mountains of Montana The assignment drops him into a world of Bengal tigers illegal aliens prehistoric saber-toothed cats and psychic premonitions As the possibility of death by man and animal surrounds him he quickly learns that he too is destined to become food for the cats Trapped between man and beast his assignment turns into that of survival Smilodon intertwines the exciting possibility and nightmarish reality of cloning in an age in which advanced genetic engineering is rapidly evolving Consider the very real possibility of cloning your recently deceased pet says the author We are on the brink of just such a thing If after your pet what about your child or an entire genetically engineered perfect society Smilodon will send one back to thinking What if
