**The Persuaders** S. John,2002-05-22 The impact of political lobbyists remains highly controversial No one has explored when they matter This book tells readers when lobbyists count and analyses the relationship between lobbying policy outcomes and the impact of external factors to reveal the professional lobbyist s limited effect on policy On most policy issues lobbyists simply do not matter But on rare occasions lobbyists can make a difference and this book explains when they matter and why

*Abortion Law and Political Institutions* Jennifer Thomson,2018-11-11 This book provides a comprehensive study of abortion politics and policy in Northern Ireland Whilst there is a substantial amount of literature on abortion in Ireland and the rest of the United Kingdom there has been scant academic attention paid to the situation in Northern Ireland Adopting a feminist institutionalist framework the book illustrates the ways in which abortion has been addressed at both the national institution at Westminster and the devolved institution at Stormont Covering the period from early peace process in the 1980s to the present day the text will be of interest to politics scholars but also sociologists historians and students of Irish studies

**BMJ** ,2009 [Directory of Building Products & Hardlines Distributors](#) ,1998 *Queen of the Lycans and Vampires* Trevor A. Bailey,2026-01-07 Can the creatures of the night finally learn to share the day The cost of the endless fighting between lycan vampire and human has been in blood The death and suffering spread by predator going up against prey has been enough to sate even the thirstiest vampire until one vampire queen asked What if we didn t have to fight Isabella Castellanos is heir to that legacy a fragile peace the first of its kind The rules of the night have changed and Queen Isabella hopes to raise her son in a kinder world But centuries of hatred are hard to shed in a handful of decades especially for the immortals among us When discontent rises and a faction of anarchistic supernaturals longs for a return to the fighting Isabella must strengthen her alliances test her body and mind and learn new ways of living to keep all her people safe With determined allies new friends and one deeply unusual vampire at her side Isabella will see her delicate alliance along with the strength and ingenuity of its members pushed to its limit A new dawn is coming and Isabella intends to be around to see it vampire or not

[English Patents of Inventions, Specifications](#) ,1872 **Directory of Discount & General Merchandise Stores** ,1999 [The Nation in the Time of the Pandemic](#) Fernando León-Solís,2024-07-27 This edited volume explores the media and political discourses during the COVID 19 crisis across thirteen nations Despite warnings that a global pandemic was a matter of if rather than when the virus caught governments worldwide unaware The nature extent and

timespan of governmental responses varied significantly from country to country but a number of features were common to all. The nation became the frame of reference used in an attempt to make sense of the crisis to keep citizens united to gain their trust and to ensure compliance with unprecedented health mandates. With the same purpose there was a recourse to non-ideological values and narratives, sometimes abstract, sometimes political, that could be accepted by all stakeholders. The analyses evidence the perception of the fragility of liberal democracy caused by too much political and media consensus by too much political and media dissent and by the threat of populism. The wide-ranging scope and multi-perspective methodology of the analyses offered in this book are an essential reading for academics and students of Media Studies, Politics, Political Communication, and Discourse Analysis and their associated disciplines. Written in accessible language, this volume full of insightful and at times surprising ideas will be of interest for all those keen to understand the role of political and media discourse in the communication of the COVID-19 crisis and its wider implications for liberal democracies.
