An Introduction to the Supersensible Knowledge of the World and the Destination of Man* Rudolf Steiner, 2025-08-15 Rudolf Steiner 1861 1925 was an Austrian architect philosopher initiate esotericist and clairvoyant He is considered one of the greatest and most influential spiritual masters of the twentieth century *Theosophy An Introduction to the Supersensible Knowledge of the World and the Destination of Man* published in 1904 is one of Rudolf Steiner's foundational texts In this essay Steiner does not merely present the principles of Theosophy as he had learned them but he also lays the groundwork for what would become his own Anthroposophy The text is structured into four main parts in which Steiner presents his vision of the human being and the cosmos In summary Theosophy is a crucial work for anyone who wants to understand Steiner's thought It is not just a treatise on Theosophy but a manifesto of his spiritual science which seeks to unite the scientific knowledge of the physical world with the spiritual knowledge of the supersensible world The work is a bridge between the traditional esoteric view and a more systematic and rational approach that would characterize Anthroposophy throughout its subsequent evolution [Theosophy](#) Rudolf Steiner, 1996-09 [Theosophy](#) Rudolf Steiner, 1923 **Theosophy** Rudolf Steiner, Elizabeth Douglas Shields, 2015-08-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made
