Talking Democracy:

Talking Democracy Benedetto Fontana, Cary J. Nederman, Gary Remer, 2004-09-17 In their efforts to uncover the principles of a robust conception of democracy theorists of deliberative democracy place a premium on the role of political expression public speech and reasoned debate as the key to democratic processes They also frequently hark back to historical antecedents as in the Habermasian invocation of the public sphere of eighteenth century bourgeois society and the Arendtian valorization of the classical Athenian polis in their quest to establish that deliberative procedures are more than merely theoretical and instead have a practical application But for all this emphasis on the discursive and historical dimensions of democracy these theorists have generally neglected the rich resources available in the history of rhetorical theory and practice It is the purpose of *Talking Democracy* to resurrect this history and show how attention to rhetoric can help lead to a better understanding of both the strengths and limitations of current theories of deliberative democracy Contributors besides the editors are Russell Bentley Tsaie Lan Lee Dow Tom Murphy Arlene Saxonhouse Gary Shiffman John Uhr Nadia Urbinati John von Heyking and Douglas Walton *Talking Democracy* Benedetto Fontana, Cary J.

Nederman, 2010-11-01 While emphasising discursive and historical dimensions of democracy the resources available in the history of rhetorical theory and practice tend to be ignored This book aims to resurrect this history and show how attention to rhetoric can help lead to a better understanding of the strengths and limitations of theories of deliberative democracy

Talking Democracy at the United Nations Sophie Eisentraut, 2020-08-13 Rechtm ige Herrschaft auf internationaler Ebene verlangt zunehmend die Einhaltung demokratischer Standards Das zumindest suggeriert die Prominenz des Demokratiebegriffs in den Reformdebatten internationaler Organisationen Auf Basis eines neuen Datensatzes der ein Jahrzehnt Demokratiediskurs von 159 Staaten ber den UN Sicherheitsrat und die UN Generalversammlung abdeckt liefert das Buch wichtige Einblicke in das Narrativ vom demokratischen Regieren jenseits des Staates seine Merkmale und seine Funktionsweise Die Befunde befruchten nicht nur die Forschung zu empirischer Legitimit t Normkontestation und globaler Demokratie In einer Zeit in der ideologischer Wettbewerb auf dem Vormarsch ist zeugen sie auch von der Kraft der demokratischen Idee *To Keep the Republic* Elizabeth C. Matto, 2024-04-12 American democracy is at an inflection point With voting rights challenged election results undermined and even the US Capitol violently attacked many Americans feel powerless to save their nation s democratic institutions from the forces dismantling them Yet as founders like Benjamin Franklin knew from the start the health of America s democracy depends on the actions its citizens are willing to take to preserve it *To Keep the Republic* is a wake up call about the responsibilities that come with being a citizen in a participatory democracy It describes the many ways that individuals can make a difference on both local and national levels and explains why they matter Political scientist Elizabeth C Matto highlights the multiple facets of democratic citizenship identifies American democracy s sometimes competing values and ideals and explains how civic engagement can take various forms

including political conversation Combining political philosophy with concrete suggestions for how to become a more engaged citizen To Keep the Republic reminds us that democracy is not a spectator sport it only works when we get off the sidelines and enter the political arena to make our voices heard *Association Men* ,1914 *Preparing Women for Citizenship* Helen Ring Robinson,1918 *When the People Speak* James S. Fishkin,2011 All over the world democratic reforms have brought power to the people but under conditions where the people have little opportunity to think about the power that they exercise In this book James Fishkin combines a new theory of democracy with actual practice and shows how an idea that harks back to ancient Athens can be used to revive our modern democracies When the People Speak outlines deliberative democracy projects conducted by the author with various collaborators in the US China Britain Denmark Australia Italy Bulgaria Northern Ireland and in the entire European Union These projects have resulted in the massive expansion of wind power in Texas the building of sewage treatment plants in China and greater mutual understanding between Catholics and Protestants in Northern Ireland **Plasterer and Cement Finisher** ,1918 *The American Jewish Chronicle* ,1916 *The Table Talk and Omniana of Samuel Taylor Coleridge* Samuel Taylor Coleridge,1884 **American Economist** ,1906 **Current Literature** ,1909 *Young India* ,1918 *Official Proceedings* Western Railway Club,1921 **The Hand Book of the National American Woman Suffrage Association and Proceedings of the ... Annual Convention** National American Woman Suffrage Association,1916 **The Life and Memoirs of Count Molé (1781-1855)** comte Louis-Mathieu Molé,1924 **United Mine Workers Journal** United Mine Workers of America,1917 *Talking with Harry* Harry S. Truman,2001-03 In his eight years as president from 1945 1953 Harry S Truman made some of the most important decisions in U S history particularly in foreign policy matters This book contains transcripts of conversations with Truman from taped interviews in 1959 The probing questions and straightforward answers cover a wide variety of domestic and foreign policy issues ranging from civil rights in the South to using the atomic bomb on Japan This book provides a vivid portrait of Truman warts and all Through his answers to questions the threads of his political loyalty bluntness frustration decency thrift humanity and humor become a tapestry of his presidential character His intense pride and manner surface especially as he explains bitter political and domestic controversies as well as foreign policy decisions These interviews reveal Truman s bedrock foundation of deeply held political beliefs as he gives thoughtful answers to queries about major political issues In addition he discusses American presidential history Congressmen such as Sam Rayburn and Lyndon Johnson Supreme Court Justices and dozens of other well known political leaders including Dwight D Eisenhower Adlai Stevenson and John F Kennedy In similar fashion he describes numerous foreign leaders including Joseph Stalin Adolf Hitler Benito Mussolini Winston Churchill and Chiang Kai Shek Evident as well is his firm loyalty to the United States his family his friends and the Democratic Party Truman also divulges some of his personal dislikes particularly of political opponents such as Richard M Nixon and for over a decade after 1952 Dwight D Eisenhower However his personal resentments are more than matched by

his fair minded judgments of former President Herbert Hoover American farmers laborers and racial groups Discovered by Ralph Weber at the Harry S Truman Presidential Library the interviews were originally to be used as background for Truman s book Mr Citizen 1960 but most of Truman s observations and answers were not included in that book Professor Weber has omitted very little of the original transcripts and has kept the conversations in the same order revealing the ebb and flow of the questioning He includes an introduction annotations brief biographies of the people Truman discusses in the interviews and photographs to provide context for the reader This revealing new book is an excellent addition to courses on American twentieth century history and the presidency **Year Book** ,1924 **Metropolitan Pulpit and Homiletic Monthly** ,1918
