Lord, I Love the Church and We Need Help Virginia O. Bassford, 2012 Do we ask too much No we've asked too little Change chaos confusion how can a pastor make sense of it all The tap root of United Methodism goes deep into fertile soil firmly planted in Scripture and enriched by the Holy Spirit Our theology is rich and grounded into the depths of community and accountability but the way we live out that theology is wide and deep both bane and blessing United Methodists are neither blown away like chaff nor root bound Our calling is still to strive to be methodically faithful and alive in Spirit This is our heritage and our vision But will we dare to lean into the winds of change and be strengthened by the challenges we find Only with God's help Talking Straight Ronald Brian Adler, 1977 Abstract Many types of people need to be more assertive in different ways for instance a person who socializes easily may have trouble asking for a raise The author's purpose is to teach the reader what his area of unassertiveness is and how to improve through the use of examples tests and activities The essential tools for being assertive are good communication skills poise and a fixed plan of approach Try It This Way...
