Newt and the Storm Witch Derek Keilty,2025-04-02 It's Ivy's birthday and her parents, the King and Queen of the Sand Witches, have prepared her a show-stopping present: a magic act where they disappear. But hold on—they really have disappeared. Foul work is at play, and to rescue Ivy's parents, she and her shape-shifting friend Tom must travel all over Miracula on broomsticks and flying carpets, making friends along the way and pulling together to defeat Clawdelia Thorn, evil Queen of Grotland. Cute and quirky black and white illustrations set the scene to enliven every page with extra adventure and humor. [The Storm Witch](#) Molly Mack,2019-02-11 A novelette based on a true story of Witchcraft in the Scottish Orkney Islands during a dark period of the 1600s. Janet Forsyth played a hero's part in saving a ship and crew from certain death. She was tried as a witch two hundred years later; she would have been hailed a hero, not unlike the hugely popular Grace Darling. Folk tales have always existed in island and rural communities where witchcraft and sorcery was part of everyday life for centuries. Magical powers were considered part of the general lifestyle and were not questioned. Attitudes gradually

changed towards those who did not conform with increasing religious beliefs and witch hunts began in the 1550s In Scotland it is estimated between four thousand and six thousand people mostly from the Lowlands were tried and executed for witchcraft between 1590 1660 Seventy five percent of the accused were women Lying off the north coast of Scotland the Orkney Islands often referred to as the centre of civilisation in Neolithic times were host to an intensive period of witch trials From 1615 until 1645 sixty eight a high percentage of the population at the time were condemned to death 90% were women

Discover Your Witch Within Richard Ravenbrook,2025-01-07 What does it truly mean to be a witch This question seemingly simple opens a door to a vast and complex world of traditions practices and personal interpretations This book explores the multifaceted nature of witchcraft seeking to illuminate its diverse paths and dispel common misconceptions We will unpack the often blurred lines between witchcraft paganism and Wicca emphasizing that Wicca is a distinct relatively modern tradition whereas witchcraft is a much broader term encompassing a wide array of

ancient and evolving practices Not all pagans are witches and not all witches practice Wicca this is a crucial distinction that we will explore in detail Within the umbrella of witchcraft a vibrant spectrum of traditions flourishes From the Green Witch deeply connected to the healing power of herbs and nature to the Sea Witch attuned to the mystical energies of the ocean and the Storm Witch harnessing the raw power of the elements each path offers a unique lens through which to perceive and interact with the world This book is not a rigid guidebook dictating a singular approach Instead it serves as a compass guiding you on a journey of self discovery Through thoughtful reflection and exploration you will be empowered to identify your own natural inclinations your affinity for specific practices and the unique way you connect with the magical energies around you We will delve into the tools and practices associated with various witchcraft paths providing a solid foundation for responsible and ethical practice Ultimately this book encourages you to embrace your innate abilities to connect with your inner wisdom and to confidently claim your identity as the unique and powerful witch you were always meant to be This is not a passive reading this is an active engagement a journey of exploration and personal empowerment Welcome to the unfolding of your own magical story
