The Streamlined Decade:

The Streamlined Decade Donald J. Bush, 1975 **Twentieth Century Limited** Jeffrey Meikle, 2010-06-04 Classic indispensable introduction to industrial design in the last century *The Fourth Dimension and Non-Euclidean Geometry in Modern Art, revised edition* Linda Dalrymple Henderson, 2018-05-18 The long awaited new edition of a groundbreaking work on the impact of alternative concepts of space on modern art In this groundbreaking study first published in 1983 and unavailable for over a decade Linda Dalrymple Henderson demonstrates that two concepts of space beyond immediate perception the curved spaces of non Euclidean geometry and most important a higher fourth dimension of space were central to the development of modern art The possibility of a spatial fourth dimension suggested that our world might be merely a shadow or section of a higher dimensional existence That iconoclastic idea encouraged radical innovation by a variety of early twentieth century artists ranging from French Cubists Italian Futurists and Marcel Duchamp to Max Weber Kazimir Malevich and the artists of De Stijl and Surrealism In an extensive new Reintroduction Henderson surveys the impact of interest in higher dimensions of space in art and culture from the 1950s to 2000 Although largely eclipsed by relativity theory beginning in the 1920s the spatial fourth dimension experienced a resurgence during the later 1950s and 1960s In a remarkable turn of events it has returned as an important theme in contemporary culture in the wake of the emergence in the 1980s of both string theory in physics with its ten or eleven dimensional universes and computer graphics Henderson demonstrates the importance of this new conception of space for figures ranging from Buckminster Fuller Robert Smithson and the Park Place Gallery group in the 1960s to Tony Robbin and digital architect Marcos Novak *Auto-Opium* David Gartman, 2013-01-11 This much needed book is the first to provide a comprehensive history of the profession and aesthetics of American automobile design The author reveals how the appearance of the automobile was shaped by the social conflicts arising from America s mass production system He connects the social struggles of American society with the organizational struggles of designers to create symbol laden substitutes for the American dream Theoretically sophisticated lucid and compelling *Auto Opium* will appeal to all interested in the American obsession with the car Bathroom, the Kitchen, and the Aesthetics of Waste Ellen Lupton, J. Abbott Miller, 1996-11 Analyzes domestic consumer culture through photos and ads *The Great Depression in America* William H. Young, Nancy K. Young, 2007-03-30 Everything from Amos n Andy to zeppelins is included in this expansive two volume encyclopedia of popular culture during the Great Depression era Two hundred entries explore the entertainments amusements and people of the United States during the difficult years of the 1930s In spite of or perhaps because of such dire financial conditions the worlds of art fashion film literature radio music sports and theater pushed forward Conditions of the times were often mirrored in the popular culture with songs such as *Brother Can You Spare a Dime* breadlines and soup kitchens homelessness and prohibition and repeal Icons of the era such as Fred Astaire and Ginger Rogers Louis Armstrong Bing Crosby F Scott Fitzgerald George and Ira Gershwin Jean Harlow

Billie Holiday the Marx Brothers Roy Rogers Frank Sinatra and Shirley Temple entertained many Dracula Gone With the Wind It Happened One Night and Superman distracted others from their daily worries Fads and games chain letters jigsaw puzzles marathon dancing miniature golf Monopoly amused some while musicians often sang the blues Nancy and William Young have written a work ideal for college and high school students as well as general readers looking for an overview of the popular culture of the 1930s Art deco big bands Bonnie and Clyde the Chicago s World Fair Walt Disney Duke Ellington five and dimes the Grand Ole Opry the jitter bug Lindbergh kidnapping Little Orphan Annie the Olympics operettas quiz shows Seabiscuit vaudeville westerns and Your Hit Parade are just a sampling of the vast range of entries in this work Reference features include an introductory essay providing an historical and cultural overview of the period bibliography and index
