Structure And Perversions:

Structure and Perversions Joël Dor, 2001 In this volume Joël Dor's practiced command of psychoanalytic theory and rigorous expository style are brought to bear on a concept which has long been a subject of fascination and misapprehension: perversion. In Dor's account, perversion is something that applies to each of us at least when it comes to the structural dynamics of desire that it reveals. Clearing away the surrounding ideological clutter, Dor explains perversion in structural terms that go beyond the occurrence of a psychopathological scenario and brings us closer through compelling clinical tales to a profound understanding of the concept of psychic structure.

Structure et perversions Joël Dor, 1987 Qu'on le sache ou non, la perversion est l'affaire de tout un chacun au moins au titre du d'sir puisque un noyau pervers coexiste la dimension m'me de tout d'sir. C'est dire tout aussi bien qu'il n'y a de perversion que sexuelle et que la genèse des perversions est inscrite au sein m'me de la sexualité dite normale. Freud. Cela suppose que l'on puisse conférer aux perversions l'identité d'une structure dont la logique se décrypte sur le terrain de la métapsychologie freudienne et lacanienne. Un point d'ancrage des perversions peut alors se définir sous l'influence des éléments inducteurs liés à l'enjeu du phallus dans la dialectique dialectique. Dans le champ clinique, la mise en évidence de la structure perverse fonde ainsi la possibilité d'une discrimination diagnostique différentielle radicale. Aussi bien, elle rend compréhensible la proximité structurale de certaines organisations psychopathologiques telles les psychoses et le transsexualisme. L'hypothèse d'une perversion fondamentale se trouve d'autant plus claire. Cette analyse de la question des perversions rassemble une pluralité d'arguments fondamentaux qui se développent dans une progression logique dont la cohérence donne cette étude un caractère de rigueur sans précédent dans l'abord d'une problématique psychique aussi complexe dans ses principes qu'elle est d'actualité dans ses actualisations.

Walter Benjamin and the Critique of Political Economy Duy Lap Nguyen, 2022-07-14 Exploring the connections between Walter Benjamin's philosophy of history and a Marxian Critique of Political Economy, Duy Lap Nguyen analyses Benjamin's early writings and their development into a distinct understanding of historical materialism. Benjamin's historically materialist conception of history is shown to be characterised by a focus on the religion of capitalism, the mythology of the state and messianic time. Revealing these factors, Nguyen joins up Benjamin's philosophical critique of the Kantian conception of history alongside the historical trajectory of capitalism he subscribed to. Influenced by the theory of fascism outlined by German Marxist theorist Karl Korsch, we see how Benjamin's own theory of revolution and redemption in capitalist society developed into a sophisticated critique. Essential to Benjamin's materialist critique was a recognition of the fallibility of the Enlightenment notion of progress as well as the need to overturn the political and economic catastrophes which enable capitalism and fascism to thrive. In mapping the exact course of Benjamin's critical historical materialism, Nguyen fully explicates the unique contribution he made to western Marxism.

Toward a Micro-Political Theology Yin-An Chen, 2022-09-14 Has liberation theology reached a dead end? Has the time come to propose another strategy of political

resistance one that considers and takes account of the complexity of power relationships in daily life How can we explore the deeper meaning of freedom and liberation This book begins with a reflection on the failure of social movements and revolutions and a review of the methodologies of liberation theologies Offering a brand new micro political theology it attempts to demonstrate how Michel Foucault can help us recognize the limitations of our standard definitions of liberation Continuing Foucault s critical engagement with desire sexuality and the body this book opens a fresh dialogue between Althaus Reid s indecent theology Latin American liberation theology and radical orthodoxy leading to an exploration of how that dialogue can remind us that spirituality and the transformative practice of the self can themselves be fully political It also urges prayer as both the radical root of political resistance and its action
