Subway To Samarkand:

Subway to Samarkand John R. Humphreys, 1966 **Red Star in Samarkand** Anna Louise Strong, 1929 *Ghost Train to the Eastern Star* Paul Theroux, 2009-08-25 In *Ghost Train to the Eastern Star* Theroux recreates an epic journey he took thirty years ago a giant loop by train mostly through Eastern Europe Turkey the Caucasus Central Asia the Indian Subcontinent China Japan and Siberia In short he traverses all of Asia top to bottom and end to end In the three decades since he first travelled this route Asia has undergone phenomenal change The Soviet Union has collapsed China has risen India booms Burma slowly smothers and Vietnam prospers despite the havoc unleashed upon it the last time Theroux passed through He witnesses all this and more in a 25 000 mile journey travelling as the locals do by train car bus and foot His odyssey takes him from Eastern Europe still hungover from Communism through tense but thriving Turkey into the Caucasus where Georgia limps back toward feudalism while its neighbour Azerbaijan revels in oil driven capitalism As he penetrates deeper into Asia s heart his encounters take on an otherworldly cast The two chapters that follow show us Turkmenistan a profoundly isolated society at the mercy of an almost comically egotistical dictator and Uzbekistan a ruthless authoritarian state From there he retraces his steps through India Myanmar China and Japan providing his penetrating observations on the changes these countries have undergone Brilliant caustic and totally addictive *Ghost Train to the Eastern Star* is Theroux at his very best **If It's Monday It Must Be Madurai** Srinath Perur, 2018-02-15 What is it like to travel with others for adventure lust and god This delightful travelogue in which Srinath Perur embarks upon ten conducted tours is full of rich experiences hanging on to a camel in the Thar Desert joining thousands on a pilgrimage in Maharashtra crossing living root bridges near Cherrapunji rediscovering music while on the trail of Kabir and a lot more As much about people as it is about places the book is also a reflection of the nature of popular travel today which is marked by the packaging of experiences the formation of tourist economies and compulsive picture taking How this influences tourists comes across vividly in their creation of a mini India on a bus as they race through treasured sights in Europe in their perfunctory devotion as they hop from temple to temple in Tamil Nadu and in their enjoying with sex workers far away from home Ironic and often comic *If It's Monday It Must Be Madurai* is an idiosyncratic portrait of India and her people [The Unsung Hero of the Russian Avant-Garde: The Life and Times of Nikolay Punin](#) Natalia Murray, 2012-06-27 This book is the first biography of Nikolay Punin 1888 1953 One of the most prominent art critics of the avant garde in 1919 Punin was the Commissar of the Hermitage and Russian Museums he was lecturing at the Academy of Arts and at the State University in Petrograd and subsequently Leningrad He was the right hand of Lunacharsky and the head of the Petrograd branch of the Visual Arts Department of Narkompress From 1913 till 1938 Punin worked at the Russian Museum and organized several major exhibitions of Russian art Yet his name is not widely known in the West primarily because his file languished in the KGB archives since he died in 1953 partly because his grave in the Gulag where he died is marked only by a number and partly because his own reputation

became submerged under that of his lover poet and writer Anna Akhmatova Through the life and inheritance of Nikolay Punin this book will examine the very phenomenon of the Russian avant garde and its fate after the October Revolution as well as the artistic trends and cultural policies which dominated Soviet art in the 1930 1950s For an interview with the author on The Voice of Russia July 19th 2012 click here [Sustainable Development of Transport](#) Sonya M. Sultanova, Nilufar U. Babakhanova, Said S. Shaumarov, Ma'sud N. Masharipov, 2025-08-13 This book explores international experiences in the sustainable development of transport and logistics systems operating within specific regions What sets this book apart is its proposal of a systemic approach to managing the sustainable growth of transport and logistics systems and the transport organizations within them The novelty of this approach lies in its inclusion of scientific methodological and practical recommendations for organizing transport logistics in alignment with the ESG agenda This book is intended for scholars investigating sustainable transport development from the perspectives of regional green and digital economies as well as labor and education economics Members of this audience will find explanations of current trends in sustainable transport development and cutting edge scientific advancements supporting this growth amidst global ecological and digital transformations
