No Kids Allowed Michelle Ann Abate, 2020-10-13 Children's literature isn't just for children anymore This original study explores the varied forms and roles of children's literature when it's written for adults What do Adam Mansbach's *Go the F k to Sleep* and Barbara Park's *MA There's Nothing to Do Here* have in common These large format picture books are decidedly intended for parents rather than children In *No Kids Allowed* Michelle Ann Abate examines a constellation of books that form a paradoxical new genre children's literature for adults Distinguishing these books from YA and middle grade fiction that appeals to adult readers Abate argues that there is something unique about this phenomenon Principally defined by its form and audience children's literature Abate demonstrates engages with more than mere nostalgia when recast for grown up readers Abate examines how board books coloring books bedtime stories and series detective fiction written and published specifically for adults question the boundaries of genre and challenge the assumption

that adulthood and childhood are mutually exclusive      **The Juvenile companion, and Sunday-school hive [afterw.] The Sunday school hive, and juvenile companion.
