Modern magic, a practical treatise on the art of conjuring, by prof. Hoffmann Angelo John Lewis,1886 **Easy Lessons in Auction Bridge** U.S. Playing Card Co,1929 **St. Nicholas** Mary Mapes Dodge,1915 **S.A. Pictorial** ,1927 **Encyclopedia Britannica** Hugh Chisholm,1911 The Living Age ,1915 **The Magic Wand and Magical Review** ,1921 **The laws of bridge adopted by the Portland club** Boaz (Pseudonym),1897 **The Laws and Principles of Whist Stated and Explained and Its Practice Illustrated on an Original System by Means of Hands Played Completely Through** Cavendish,1884

It has often occurred to the author that there are two principal defects in the existing treatises on the game of whist the one that the principles of play are in general laid down as so many isolated and arbitrary conventions the reasons upon which such principles are based being seldom if at all and scarcely ever fully stated the other that suitable illustrations by which alone the principles can be brought forcibly home and fixed in the memory are almost entirely wanting The present work is an attempt to supply these deficiencies With regard to the latter the author feels that nothing in point of illustration of principles can be so instructive as a selection of hands played completely through and accompanied by copious explanations The idea it is believed as applied to whist is a new one though a similar plan has long been in use in treatises on chess It has not been deemed necessary to occupy space by detailing the mode of playing and of scoring as this information can be

readily acquired at the table The reader is therefore credited with this elementary knowledge and is conducted at once to the general principles which he is advised to consider carefully before proceeding to the hands *More magic, by prof.*
Hoffmann Angelo John Lewis, 1890
