**FAT LOSS** That's what How Much Fat are you Carrying is about and what makes it different from a thousand other diet books on the market today When you only focus on dieting and losing weight you may not be losing the right kind of stuff **FAT** Anyone can lose weight but achieving a blissful state of skinny will NOT guarantee that you are any leaner nor in a better state of overall health We use the words **LEAN** and **Fat Loss** because our purpose is to give you the steps necessary to achieve a lean body for life and ensure you are losing **FAT** not muscle **How Much Fat are you Carrying** also gives you lifestyle components so you **WILL NOT** gain the fat back You won't have to count calories or eliminate any food groups but you will have to get up start moving and get some exercise As an industry professional who treats my own patients from a holistic approach by addressing the underlying cause and not just treating the symptoms I can say this book is right in line with the naturalistic and holistic principles This book not only teaches valuable tools to lose fat while maintaining muscle mass it also teaches an all around healthy lifestyle Dr Chad Patrick D C      Forthcoming Books Rose Army, 1989-05      **Small Press Record of Books in Print** Len Fulton, 1993      Subject Guide to Books in Print, 1996
