The two Babylons or The papal worship proved to be the worship of Nimrod and his wife The Two Babylons is a book written by Alexander Hislop which asserts and documents 2 main points 1 That the Ancient Pagan systems of worship of false gods were based on mysteries and that the genesis of those mysteries could be found within the old Babylonian chaldean system of worship 2 That the Roman Catholic Church soon after its creation which occurred 300 Years after Christ appropriated the characteristics of Pagan systems of worship in order to try to convince Pagans into thinking that the Roman Catholic System was the same as their own pagan worship

The Two Babylons (1903) Alexander Hislop,2005 An explanation of the many Roman Catholic traditions that derive from ancient Babylonian practices **The Two Babylons; Or, the Papal Worship Proved to Be the Worship of Nimrod and His Wife** Alexander Hislop,2006-03-01 The Providence of God conspiring with the Word of God by light pouring in from all quarters makes it more and more evident that Rome is in very deed the Babylon of the Apocalypse that the essential character of her system the grand objects of her worship her festivals her doctrine and discipline her rites and ceremonies her priesthood and their orders have all been derived from ancient Babylon and finally that the Pope himself is truly and properly the lineal representative of Belshazzar In the warfare that has been waged against the domineering pretensions of Rome it has too often been counted enough merely to meet and set aside her presumptuous boast that she is the mother and mistress of all churches the one Catholic Church out of whose pale there is no salvation If ever there was excuse for such a mode of dealing with her that excuse will hold no longer If the position I have laid down can be maintained she must be stripped of the name of a Christian Church altogether for if it was a Church of Christ that was convened on that night when the pontiff king of Babylon in the midst of his thousand lords praised the gods of gold and of silver and of wood and of stone Dan 5 4 then the Church of Rome is entitled to the name of a Christian Church but not otherwise This to some no doubt will appear a very startling position but it is one which it is the object of this work to establish and let the reader judge for himself whether I do not bring ample evidence to substantiate my position
