screens throughout the nation The story of rich kids flagrant excess and multiple murders fascinated the American public but deeper truths lay buried beneath The saga was so complex that neither its scope nor its implications could be clearly discerned that is until The Price of Experience was published in 1996 A scholarship student with a strange father and a mysterious background Joe was socially shunned at the ultra elite Harvard School in Los Angeles By age twenty however Joe had made and lost 14 million on Chicago s commodities exchange Back in L A he dazzled former classmates with his power and confidence assembling them into the BBC Consolidated of North America Inc part corporate empire and part private social club Joe convinced the children of L A s most powerful families that all the wealth status and power in the world was theirs for the taking They gave him their trust funds and a loyalty he transformed into cultish devotion Hunt and the BBC became the talk of L A not only for the meteoric rise that brought them control of more than 100 million in assets but for the grisly murders connected to the group As the group s deadly momentum increased and its business dealings spun out of control BBC members began to talk and eventually Hunt and four others were arrested on two counts of murder In this utterly gripping narrative award winning journalist Randall Sullivan finally revealed the whole story Now in the new afterword he returns to Joe Hunt who has now been in prison for almost forty years and recounts the fates of his accomplices This is a landmark true crime book with a diabolical but almost irresistibly seductive genius at its center **Gung-ho** ,1984
