

Wild Geese

You do not have to be good.

You do not have to walk on your knees
for a hundred miles through the desert repenting.
You only have to let the soft animal of your body
love what it loves.

Tell me about despair, yours, and I will tell you mine.

Meanwhile the world goes on.

Meanwhile the sun and the clear pebbles of the rain
are moving across the landscapes,
over the prairies and the deep trees,
the mountains and the rivers.

Meanwhile the wild geese, high in the clean blue air,
are heading home again.

Whoever you are, no matter how lonely,
the world offers itself to your imagination,
calls to you like the wild geese, harsh and exciting -
over and over announcing your place
in the family of things.

Wild Geese:

Wild Geese M. A. Ogilvie, 2010-11-30 In range Wild Geese covers the geese of North America Europe and Asia and thus the world species except for the Hawaiian Goose or Ne Ne The plan of the book is similar to the author's Ducks of Britain and Europe but distribution status and migration rightly assume a more extensive role in Wild Geese and the detailed text on those subjects is fully complemented by migration and distribution maps Comprehensive chapters are also devoted to classification ecology breeding identification and to exploitation and conservation The identification chapter is especially helpful with sections on adult and first winter birds downy young plumage variants and voice for each species and sub species as well as guidance on ageing and sexing geese in the field The text is effectively supported by 16 identification plates in colour by Carol Ogilvie showing details of heads and bills as well as all species in flight and on the ground and downy young The author is an established authority on ducks and geese and has been a research scientist at the Wildfowl Trust Slimbridge England since 1960

Stevans, 2003-11 Originally published in 1903 this is an excellent source for an historical perspective on superstitions and folklore Hundreds of entries are arranged alphabetically within broad subject categories The original subtitle reads A comprehensive library of human belief and practice in the mysteries of life through more than six thousand years of experience and progress including the fundamental intuitions and instincts underlying the structure of civilization theology mythology demonology magic witchcraft esoteric philosophy signs omens oracles sorceries auguries divinations prophecies methods and means employed in revealing fortune and fate systems and formulas for the use of psychical forces hypnotism clairvoyance telepathy spiritualism character reading and character building with all the known powers and wonders of mind and soul illustrated with numerous ancient and modern designs and thoroughly indexed

Wild Geese of the World Myrfyn Owen, 1980

Wild Geese Martha Ostenso, 2008-01-08 Wild Geese caused a sensation when it was first published in 1925 To a generation bred on sentimental escapist literature the idea of a heroine as wild as a bronco and as fiery as a tigress was nothing short of revolutionary In the character of Judith Gare Martha Ostenso had painted so naked and uncompromising a portrait of human passion and need that it crossed all bounds of propriety and convention Today Wild Geese is widely recognized as a milestone in the development of modern realist fiction Set on the windswept prairies it is a story of love and tyranny of destruction and survival told with vigour and lyric beauty It is also a

poignant evocation of loneliness which like the call of the wild geese is beyond human warmth beyond tragedy an endless quest

Inexorable Modernity Hiroshi Nara,2007-02-16 Beginning in late Edo the Japanese faced a rapidly and irreversibly changing world in which industrialization westernization and internationalization was exerting pressure upon an entrenched traditional culture The Japanese themselves felt threatened by Western powers with their sense of superiority and military might Yet the Japanese were more prepared to meet this challenge than was thought at the time and they used a variety of strategies to address the tension between modernity and tradition Inexorable Modernity illuminates our understanding of how Japan has dealt with modernity and of what mechanisms universal and local we can attribute to the mode of negotiation between tradition and modernity in three major forms of art theater the visual arts and literature Dr Hiroshi Nara brings together a thoughtful collection of essays that demonstrate that traditional and modern approaches to life feed off of one other and tradition whether real or created was sought out in order to find a way to live with the burden of modernity Inexorable Modernity is a valuable and enlightening read for those interested in Asian studies and history
