The Killer Within:

The Killers Within US Scott Carroll, M.C.,2014-12-14 The Killers Within US are those individuals who are in such pain that they tragically kill others and or themselves These individuals often leave a wake of confusion anger and hurt among their survivors This book explores the most common disorder linked to suicide homicide and several other disorders that kill millions of people annually A mental disorder known as Borderline Personality Disorder BPD or its traits frequently influence these individuals in particular to the point of killing Several BPD traits span thousands of years and are mentioned within the Holy Bible This book explores the truth about and the origin of BPD and offers both Biblical and Clinical ways to recover from it God said Let my people go and the Truth will set you free This book is full of truth and by applying these truths within it it is hoped that you too can be set free from the Killers Within you *The Killer Within* David Chester,2020-06-30 When an ordinary young woman commits a shocking act of violence it signals catastrophe for the whole earth A terrible pandemic the Aggressor virus turns infected humans into raging killers There is no cure The only option is to run John and Cassie are desperate to save their young daughter Jodie Devoted brothers Henry and Gerry are determined to protect each other Some such as the elderly Billy try to manage in isolation while Scarlett Cliff and their friends seek safety in numbers But where do you run to when civilisation has collapsed and your own loved ones might turn Aggressor at any moment The Killer Within tells a story of eternal appeal full of horror despair love and hope the struggle of humankind to survive against impossible odds The Killer Within Evelyn Blackwood,2023-02-28 In The Killer Within a gripping psychological thriller the seemingly normal life of Dr Emily Parker is shattered when she begins to experience terrifying blackouts and gruesome nightmares As she delves deeper into her psyche she discovers a dark and sinister alter ego lurking within her mind one that is capable of committing unspeakable acts of violence As Emily struggles to uncover the truth about her past and confront the killer within she realizes that the line between sanity and madness is dangerously thin With time running out can she overcome her own demons before they destroy her and everyone she loves This page turner will leave you on the edge of your seat questioning the depths of the human psyche and the darkness that resides within us all The Killer Within Philip Carlo,2011-03-01 As research for his acclaimed true crime books Philip Carlo interviewed at length some of the most infamous criminals and killers of our times in prison and on death row He was able to forge a trusting relationship with his subjects enabling him to extract the facts behind their infamy and identify what motivated them to commit their horrific crimes His successful books reveal the truth about notorious characters such as LA serial killer Richard Ramirez The Night Stalker Mafia contract killer Richard Kuklinski The Ice Man and crime family boss Anthony Casso Gaspice and working closely with the DEA Carlo also wrote the definitive account of Bonanno Mafia family assassin Tommy Karate Pitera The Butcher Carlo s investigative achievements were remarkable but what wasn t known to his readers was that while working on The Ice Man he learnt he had amyotrophic lateral sclerosis ALS a terminal illness that caused all of the muscles in his body to atrophy over time

Suddenly after years of penetrating the minds of killers Carlo was himself being pursued by the grim reaper But rather than lying down and succumbing to the disease Carlo continued to work right up until his death in 2010 and his books were published to critical and commercial acclaim In *The Killer Within* Carlo documents his difficult experiences with ALS and explains how he managed to continue working as a true crime author in the face of adversity He provides an intimate account of his relationships with Ramirez Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with the numerous challenges that ALS presented as it slowly began to steal his life away
