The Four Pages of the Sermon, Revised and Updated Paul Scott Wilson, 2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermonic form Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future

The Practice of Preaching David Shearlock, 1990 *Teaching Preaching as a Christian Practice* Thomas G. Long, Leonora Tubbs Tisdale, 2008-07-21 Preaching's most able practitioners gather in this book to explore and explain the idea that preaching is a practice that can be taught and learned Arguing that preaching is a living practice with a long tradition an identifiable shape and a broad set of norms and desired outcomes these noted scholars examine pedagogical approaches that will introduce students to the practice of preaching and encourage a life long process of becoming effective practitioners The book concludes with designs for a basic preaching course and addresses the question of how preaching courses fit into the larger patterns of seminary curricula

*Introduction to the Practice of African American Preaching* Frank A. Thomas, 2016-11-15 The Introduction to African American Preaching is an important groundbreaking book This book acknowledges African American preaching as an academic discipline and invites all students and preachers into a scholarly dynamic and useful exploration of the topic Author Frank Thomas opens with a bus tour study of African American preaching He shows how African American preaching has gradually moved from an almost exclusively oral to an oral written tradition Readers will gain insight into the history of the study of the African American preaching tradition and catch the author's enthusiasm for it Next Thomas traces the relationship between homiletics and rhetoric in Western preaching demonstrating how African American preaching is inherently theological and rhetorical He then explores the question what is black preaching Thomas introduces the reader to methods of close reading and ideological criticism And then demonstrates how to use these methods using a sermon by Gardner Calvin Taylor as his example The next chapter considers the question what is excellence in black preaching The next

chapter seeks to create bridges and dialogue within the field of homiletics and in particular the Euro American homiletic tradition The goal of this chapter is to clearly demonstrate connections between the African American preaching tradition and the field of homiletics Thomas next turns to questions about the relevancy of the church to the Millennial generation Specifically how will the African American church remain relevant to this generation which is so deeply concerned with social justice The Practice of Preaching, Otherwise Called the Pathway to the Pulpit ... Andreas Gerardus (Hyperius.),1577

*The Practice of Preaching* Andreas Hyperius,2026-01-19 Preaching Like the Prophets Robert A. Carlson,2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets Ordained to Preach Charles E. Miller CM,2003-07-21 **Leading with the Sermon** William H. Willimon,2020-02-04 In this addition to the new Working Preacher Books series prolific author William H Willimon makes the compelling case that two key pastoral tasks preaching and leadership complement correct strengthen and inform one another Preaching is the distinctive function of pastoral leaders Leadership of the church particularly during a challenging time of transition in mainline Protestantism has become a pressing concern for pastors This book shows how the practices skills and intentions of Christian preaching can be helpful to the leadership of a congregation It will also show how leadership is an appropriate expectation for sermons In preaching pastoral leaders can help a congregation face its problems and coordinate its God given resources to address those problems Sermons can be an opportunity to articulate motivate and orchestrate God s people in doing God s work in the church and in the world Leading with the Sermon includes chapters on why pastors must be leaders why preaching is such an essential task in telling the truth about the gospel how preaching makes better leaders and how better leaders make better preachers Women's Voices and the Practice of Preaching Nancy Lammers Gross,2017-07-01 Expert practical help for women who preach or lead worship Many women preachers and worship leaders have trouble speaking they struggle to fully use their physical voices Maintaining that there is often a disconnect between the woman s self understanding as a preacher and her own body Nancy Lammers Gross presents not only techniques but also a theologically empowering paradigm shift to help women fully embody their God given preaching vocations Grounding her work in the biblical story of Miriam Gross begins with a discussion of how women are instrumental in the work of God She then tells stories including her own of women s experiences in losing connection to their bodies and

their physical voices Finally Gross presents a constructive resolution with exercises for discovering and developing a full body voice Principles and Practice of Preaching Ilion T. Jones,1987 Co-preaching Frida Mannerfelt,2023-05-04 The purposes of this article based thesis are to explore and understand preaching as a practice in general and the practice of preaching in digital culture and spaces in particular Informed by the practice theory of Theodore Schatzki it presents the results of a cross case analysis of four different case studies of the practice of preaching in digital culture and spaces in Swedish protestant churches Based on the analysis Frida Mannerfelt argues that the deep relationality of the practice of preaching involves not just humans and texts but also material arrangements and that this feature often is amplified in digital culture and spaces While there were examples of a decrease overall there was an increase in interaction negotiation and interdependency In light of this Manner felt contends that the practice of preaching in digital culture and spaces is characterized by co preaching Moreover Mannerfelt argues that some of the implications of co preaching are the enabling and encouragement of dialogue imagination and the priestly function of the priesthood of all believers but also an increased vulnerability for the co preachers involved Sacred Rhetoric Michael Pasquarello III,2012-06-01 Modern approaches to preaching today are largely fixated on how to s how to make preaching more relevant more interesting more entertaining Michael Pasquarello suggests that this fixation may stem from a preaching imagination more beholden to technical scientific reason than theological wisdom Rather than devising new techniques or strategies for effective speaking Pasquarello offers something more salutary portraits of ten exemplary preachers from the Christian tradition Included in Pasquarello s gallery are Augustine of Hippo Gregory the Great Benedict Bernard of Clairvaux Bonaventure Thomas Aquinas Erasmus Hugh Latimer Martin Luther and John Calvin These excellent preachers conceived of Christian speech as a unique theological practice learned through prayerful attention to the Bible and aimed at communion with God Sacred Rhetoric invites readers to join an extended conversation with the past in order to become faithful preachers of the gospel in a post Christian society Preachers seminarians and students of Christian history will find much to learn from Pasquarello s fresh perspective and passion for the past **The New Interpreter's Handbook of Preaching** Paul Scott Wilson,2008 The New Interpreter s Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with

the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians preachers and writers in various disciplines who are committed to the pulpit through practice A Concise History of Preaching Paul Scott Wilson, 1992 From the apostle Paul Origen and Chrysostom through Aquinas Luther Calvin and Wesley to Harry Emerson Fosdick James S Stewart and Martin Luther King Jr this volume traces the history of preaching by focusing on the work of 20 key Christian preachers Wilson analyzes how preachers through history have structured their sermons and shows how preaching today embodies the theological ideas of an era
