## **Twilight Labyrinth:**

**The Twilight Labyrinth** George Otis, 1997 In the author's words the purpose of *The Twilight Labyrinth* is to help Christians arrive at a more complete understanding of the modern spiritual battlefield with a view to answering the question Why does spiritual darkness linger where it does *The War with Babylon* James Gardner, 2004-05 *The New Apostolic Reformation* John Weaver, 2016-04-27 From Justin Bieber to Sarah Palin and Michele Bachmann to the controversial documentary *Jesus Camp 2006* the New Apostolic Reformation's influence can be seen everywhere in mainstream America Beginning with an examination of the Latter Rain Church Growth and Shepherding movements this book explores how the new Reformation has become one of the most powerful movements in modern evangelical Christianity and a major influence on American political and cultural life The author describes the New Apostolic Reformation's organization how the movement spread and its national and international objectives *Facing West* David R. Swartz, 2020-04-09 In 1974 nearly 3 000 evangelicals from 150 nations met at the Lausanne Congress on World Evangelization Amidst this cosmopolitan setting and in front of the most important white evangelical leaders of the United States members of the Latin American Theological Fraternity spoke out against the American Church Fiery speeches by Ecuadorian Ren Padilla and Peruvian Samuel Escobar revealed a global weariness with what they described as an American style of coldly efficient mission wedded to a myopic right leaning politics Their bold critiques electrified Christians from around the world The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from traditional strongholds in Europe and the United States To be sure evangelical populists who voted for Donald Trump have resisted certain global pressures and Western missionaries have carried Christian Americanism abroad But the line of influence has also run the other way David R Swartz demonstrates that evangelicals in the Global South spoke back to American evangelicals on matters of race imperialism theology sexuality and social justice From the left they pushed for racial egalitarianism ecumenism and more substantial development efforts From the right they advocated for a conservative sexual ethic grounded in postcolonial logic As Christian immigration to the United States burgeoned in the wake of the Immigration Act of 1965 global evangelicals forced many American Christians to think more critically about their own assumptions The United States is just one node of a sprawling global network that includes Korea India Switzerland the Philippines Guatemala Uganda and Thailand Telling stories of resistance accommodation and cooperation Swartz shows that evangelical networks not only go out to but also come from the ends of the earth
