Fables of a Journeyman Bruce Ajamian, 2010-11-12 *Wedding of the Foxes* Katherine Larson, 2025-07-15 Larson's writing is brilliant tonic even amidst the flames Especially amidst the flames I'm grateful for it Rick Bass author of *With Every Great Breath* From celebrated poet and ecologist Katherine Larson an elegant collection of lyric essays that embraces fractures contradictions and the interconnectedness of life on Earth Raising two children coping with pandemic isolation and grappling with the magnitude of the current extinction crisis Katherine Larson finds herself in need of an antidote for despair This is when Larson encounters kintsugi the art of repairing broken pottery with gold dusted lacquer *Wedding of the Foxes* borrows from this ancient practice to create a new interpretative framework one that seeks beauty in both breakage and unexpected connections Here Larson juxtaposes the elaborate courtship dance of sandhill cranes with scientific reports on diminishing avian populations to shed light on the urgency of climate crisis She braids the wisdoms of a wonderfully varied range of forebears and predecessors Gaston Bachelard Tawada Y ko Francis Ponge who share her dream of a liberated consciousness She weaves Susan Sontag's examinations of cinematic disaster with the legacy of Godzilla to highlight nature as both savior and destroyer and she writes letters to Japanese women writers whose work has taught her new ways of being Each of these disparate parts come together to highlight the beauty in what falls through the cracks and blurs into other moments Brimming with the dazzling yet fragile relationships we share with each other and with other species these lush microcosms invite us to embrace resilience and mindfulness and the illuminating truth of our connections

Arndt,2013-01-21 In 1954 the comic book industry instituted the Comics Code a set of self regulatory guidelines imposed to placate public concern over gory and horrific comic book content effectively banning genuine horror comics Because the Code applied only to color comics many artists and writers turned to black and white to circumvent the Code's narrow confines With the 1964 Creepy 1 from Warren Publishing black and white horror comics experienced a revival continuing into the early 21st century an important step in the maturation of the horror genre within the comics field as a whole This generously illustrated work offers a comprehensive history and retrospective of the black and white horror comics that flourished on the newsstands from 1964 to 2004 With a catalog of original magazines complete credits and insightful analysis it highlights an important but overlooked period in the history of comics **Modern Insurgencies and Counterinsurgencies** Kaushik Roy,2022-08-25 This book provides a historical study of the theory and praxis of modern insurgencies and counterinsurgencies COIN Modern Insurgencies and Counterinsurgencies A Global History shows that the insurgents can wage a variety of conflicts at times conventional war which lies at the high end of their spectrum and terrorism which is located at the lowest end of their scale When insurgencies reach a certain critical threshold the insurgents shift their strategy from guerrilla irregular war to conventional regular war and at that point the level of conflict escalates to the level of civil war When the insurgents face intense state repression they revert to terrorist activities When the insurgents wage guerrilla war they can be called guerrillas The variety of wars conducted by the insurgents is termed as unconventional war This volume demonstrates that the insurgents in the modern world had been motivated by a trinity greed grievances and ideology Kaushik Roy traces the origin of modern insurgencies and COIN from the sixteenth century by focusing on regions outside Western Eurasia He also touches on the twin interrelated phenomena of modern insurgencies and COIN metastasising into something new at the beginning of the Information Revolution at the end of the twentieth century This volume will be of interest to researchers and research students of history British Empire imperial studies Asian studies security studies strategic studies and war and conflict studies *Lectures, Addresses and Other Literary Remains* by Frederick W.
