**Wilfred Grenfell** James Lennox Kerr,2012-09-01 *A Labrador Doctor* Wilfred Thomason Sir Grenfell,2019-12-10 In *A Labrador Doctor* Wilfred Thomason Sir Grenfell chronicles his pioneering medical work in the remote coastal areas of Labrador during the early 20th century The narrative is a rich blend of memoir travelogue and social commentary that captures both the stark beauty of the Labrador landscape and the resilience of its inhabitants Grenfell s literary style is both lucid and engaging often employing vivid descriptions and heartfelt anecdotes that immerse the reader into the challenges he faced as a physician in a harsh environment The text is situated within a larger context of humanitarianism and medical mission work revealing the intersection of healthcare and cultural dynamics in Newfoundland and Labrador Sir Grenfell an English born physician and missionary was deeply influenced by his experiences at sea and his commitment to improving the lives of impoverished communities His background in both medicine and social work shaped his empathetic approach to the people of Labrador as he sought not only to treat ailments but to also uplift the living standards of the region His work laid the groundwork for modern medical practices in remote areas making his experiences both historically significant and personally compelling This book is highly recommended for readers interested in medical history social justice and the human spirit s capacity to endure Grenfell s narrative is not just a recounting of medical practice it is a poignant reflection on compassion community and the drive to forge connections across cultural divides *A Labrador Doctor* serves as an inspiring testament to effective altruism and the transformative power of dedicated service

**Wilfred Grenfell** Tom Moore,1980 When Wilfred Grenfell an English doctor arrived in Newfoundland in 1892 he found fishermen and their families living in squalor and dying from malnutrition and disease As a man not afraid to upset the established way of doing things Grenfell was determined to help He started by setting up a hospital at Battle Harbour Other hospitals followed as well as nursing stations orphanages and a traveling library He made enemies along the way especially among the local merchants when he helped fishermen set up their own co operative stores As the great doctor himself acknowledged he brought healing to Newfoundland and Labrador but no one welcomed him except the people he served *A Labrador Doctor* Sir Wilfred Thomason Grenfell,1919 *The Best of Wilfred Grenfell* Sir Wilfred Thomason Grenfell,2001 These are life and death stories from the skilled pen of a legend Doctor Wilfred Grenfell This compilation captures some of the best and most stirring of Grenfell s many books and articles about his mission to the outports of Newfoundland and Labrador and includes the famous true account *Adrift on an Ice Pan*

**Slow Disturbance** Rafico Ruiz,2021-03-22 From the late nineteenth through most of the twentieth century the evangelical Protestant Grenfell Mission in Newfoundland and Labrador Canada created a network of hospitals schools orphanages stores and industries with the goal of bringing health and organized society to settler fisherfolk and Indigenous populations This infrastructure also served to support resource extraction of fisheries off Labrador s coast In *Slow Disturbance* Rafico Ruiz engages with the Grenfell Mission to theorize how settler colonialism establishes

itself through what he calls infrastructural mediation the ways in which colonial lifeworlds subjectivities and affects come into being through the creation and maintenance of infrastructures Drawing on archival documents maps interviews with municipal officials teachers and residents as well as his field photography Ruiz shows how the mission s infrastructural mediation from its attempts to restructure the local economy to the aerial surveying and mapping of the coastline responded to the colony s environmental conditions in ways that expanded the bounds of the settler frontier By tracing the mission s history and the mechanisms that enabled its functioning Ruiz complicates understandings of mediation and infrastructure while expanding current debates surrounding settler colonialism and extractive capitalism

*Knight of the Snows* Raymond George Martin,1974 From the Stories of Faith and Fame series the stories of men and women who went all over the world with their Christian faith The story of the boy who always wanted adventure hunting fishing sailing Anything with life and movement in it appealed to Wilfred Grenfell and he found it along the coast of Labrador On the ice bound coast amidst its snow and storms Wilfred Grenfell pioneered his great medical mission which today still continues its magnificent work of service and mercy

*An Accidental History of Canada* Megan J. Davies,Geoffrey L. Hudson,2024-06-18 Although Canadian history has no shortage of stories about disasters and accidents the phenomena of risk upset and misfortune have been largely overlooked by historians Disasters get their due but not so the smaller scale accident where fate is more intimate Yet such events often have a vivid afterlife in the communities where they happen and the way in which they are explained and remembered has significant social cultural and political meaning An Accidental History of Canada brings together original studies of an intriguing range of accidents stretching from the 1630s to the 1970s These include workplace domestic childhood and leisure accidents in colonial Indigenous rural and urban settings Whether arising from colonial power relations urban dangers perils in resource extraction or hazardous recreations most accidents occur within circumstances of vulnerability and reveal precarity and inequities not otherwise apparent Contributors to this volume are alert to the intersections of the settler agenda and the elevation of risk that it brings Indigenous and settler ways of understanding accidents are juxtaposed with chapters exploring the links between accidents and the rise of the modern state An Accidental History of Canada makes plain that whether they are interpreted as an intervention by providence a miscalculation an inevitability or the result of observable risk accidents and our responses to them reveal shared values
