Wilhelm Frick:

H.H. LAUGHLIN: American Scientist. American Progressive. Nazi Collaborator. A.E. Samaan,2020-11-09 H H Laughlin was crucial for the Nazi s crusade to breed a master race This American positioned himself to have a significant effect on the world s population During his career Laughlin Wrote the Model Eugenic Law copied by the Nazis to draft the Nuremberg racial decrees Was appointed as an expert witness for the U S Congress when the 1924 Immigration Restriction Act was passed The 1924 Act would prevent Jewish refugees from reaching the safety of U S shores during The Holocaust Provided the scientific basis for the 1927 Supreme Court case of Buck v Bell that made eugenic sterilization legal in the United States Over 80 000 Americans were sterilized against their will as a consequence Defended Hitler s Nuremberg decrees as scientifically sound in the American press in order to dispel the criticism of Nazi eugenics Created the political organization that ensured that scientific racialism would survive the negative taint of The Holocaust and be instrumental in the Jim Crow era of American legislative racism H H Laughlin was given an honorary degree from Heidelberg University by Hitler s government specifically for these accomplishments Yet no one has ever written a book on Laughlin Despite the vast number of books about The Holocaust Laughlin is mostly unknown outside of academic circles H H Laughlin was funded by the Carnegie Institution of Washington D C This author was given permission to survey the institution s Laughlin s archived correspondence These documents had not been seen for decades and were all but lost to history They are the backbone of this book as they evidence Laughlin s collaboration with Hitler s henchmen The story told by these long forgotten documents intensifies at the juncture when the Carnegie leadership came to the horrible realization that one of its most recognized scientists was supporting Hitler s regime www.HHLaughlin.com NOTE This book was circulated amongst academic circles and other interested parties as an Advanced Readers Copy A R C in 2015 It is a part the Eugenics Anthology seven book series that is currently being completed by A E Samaan Hardbound versions of the books will not be released until the series is complete and all the puzzle pieces in place For more information please visit EugenicsAnthology.com

The Nuremberg Interviews Leon Goldensohn,2007-12-18 During the Nuremberg trials Leon Goldensohn a U S Army psychiatrist monitored the mental health of two dozen Germans leaders charged with carrying out genocide These recorded conversations went largely unexamined for more than fifty years until Robert Gellately one of the premier historians of Nazi Germany made them available to the public in this remarkable collection Here are interviews with the likes of Hans Frank Hermann Goering Ernst Kaltenbrunner and Joachim von Ribbentrop the highest ranking Nazi officials in the Nuremberg jails Here too are interviews with lesser known officials essential to the inner workings of the Third Reich Candid and often shockingly truthful The Nuremberg Interviews is a profound addition to our understanding of the Nazi mind and mission

Fateful Hours Volker Ullrich,2025-11-11 From the New York Times best selling historian the riveting story of the Weimar Republic a fledgling democracy beset by chaos and extremism and its dissolution into the Third Reich Democracies are fragile Freedoms that

seem secure can be lost Few historical events illustrate this as vividly as the failure of the Weimar Republic Germany s first democracy endured for fourteen tumultuous years and culminated with the horrific rise of the Third Reich As one commentator wrote in July 1933 Hitler had won the game with little effort All he had to do was huff and puff and the edifice of German politics collapsed like a house of cards But this tragedy was not inevitable In *Fateful Hours* award winning historian Volker Ullrich chronicles the captivating story of the Republic capturing a nation and its people teetering on the abyss Born from the ashes of the First World War the fledgling democracy was saddled with debt and political instability from its beginning In its early years a relentless chain of crises hyperinflation foreign invasion and upheaval from the right and left shook the republic only letting up during a brief period of stability in the 1920s Social and cultural norms were upended Political murder was the order of the day Yet despite all the challenges the Weimar Republic was not destined for its ignoble end Drawing on letters memoirs newspaper articles and other sources Ullrich charts the many failed alternatives and missed opportunities that contributed to German democracy s collapse In an immersive style that takes us to the heart of political power Ullrich argues that right up until January 1933 history was open There was no shortage of opportunities to stop the slide into fascism Just as in the present it is up to us whether democracy lives or dies *Perpetrating the Holocaust* Paul R. Bartrop, Eve E. Grimm, 2019-01-11 Weaving together a number of disparate themes relating to Holocaust perpetrators this book shows how Nazi Germany propelled a vast number of Europeans to try to re engineer the population base of the continent through mass murder A comprehensive introductory essay along with a detailed chronology reference entries primary sources images and a bibliography provide crucial information that readers need in order to understand Hitler s plan as carried out through legislation and armed violence The book also demonstrates that both within Nazi Germany and in other parts of Europe all sectors of society played a role in planning facilitating and executing the Final Solution In addition to entries on nearly 150 perpetrators the book includes 25 primary source documents ranging from government memoranda to first hand observations of Nazi killing activities to field reports from senior officers on the scene of Holocaust killing sites Also included are excerpts from literary memoirs Students and researchers will find these documents to be fascinating statements as well as excellent source material for further research

The Trial of the Germans Eugene Davidson, 1997 Examines each of the defendants in the Nuremberg Trials during which charges were brought against members of Hitler s Third Reich for wartime atrocities and considers questions of whether the trials were necessary and just [Bulletin of the Deutsches Haus, Columbia University in the City of New York](#) ,1929 [Annual Chemical Directory of the United States](#) ,1920 [Catalog of Copyright Entries](#) Library of Congress.
