Documentary's Awkward Turn Jason Middleton,2013-12-04 Despite the prominence of awkwardness as cultural buzzword and descriptor of a sub genre of contemporary film and television comedy it has yet to be adequately theorized in academic film and media studies

Documentary s Awkward Turn contributes a new critical paradigm to the field by presenting an analysis of awkward moments in documentary film and other reality based media formats It examines difficult and disrupted encounters between social actors on the screen between filmmaker and subject and between film and spectator These encounters are of course often inter connected Awkward moments occur when an established mode of representation or reception is unexpectedly challenged stalled or altered when an interviewee suddenly confronts the interviewer when a subject who had been comfortable on camera begins to feel trapped in the frame when a film perceived as a documentary turns out to be a parodic mockumentary This book makes visible the ways in which awkwardness connects and subtends a range of transformative textual strategies political and ethical problematics and modalities of spectatorship in documentary film and media from the 1970s to the present

**Vigilant Memory** R. Clifton Spargo offers a new explanation of its significance in relation to history In critical readings of the limits and also the heretofore untapped possibilities of Levinasian ethics Spargo explores the impact of the Holocaust on Levinas s various figures of injustice while examining the place of mourning the bad conscience the victim and the stranger neighbor as they appear in Levinas s work Ultimately Spargo ranges beyond Levinas s explicit philosophical or implicit political positions to calculate the necessary function of the memory of injustice in our cultural and political discourses on the characteristics of a just society In this original and magisterial study Spargo uses Levinas s work to approach our understanding of the suffering and death of others and in doing so reintroduces an essential ethical element to the reading of literature culture and everyday life
