The Druids Tune:

The Druid's Tune O. R. Melling, 2004 **The Story of the Hymns and Tunes** Hezekiah Butterworth, Theron Brown, 1906 *A Concordance to the Poems of W.B. Yeats* Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like *A Concordance to the Poems of Matthew Arnold* the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words The frequency of every word in Yeats s poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems *Guzman the Good. A Tragedy. The Secretary, a Play, and Miscellaneous Poems* R J. Gilman, 1880 **The Poems of W. B. Yeats** Peter McDonald, 2020-08-18 In this multi volume edition the poetry of W B Yeats 1865 1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats s poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats s poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet In this second volume the poems of Yeats s early maturity emerge in the contexts of his engagement with Irish history and myth along with nationalist politics his increasing involvement with ritual magic and esoteric lore and his turbulent often unhappy personal life The poems of *The Countess Kathleen* and *Various Legends and Lyrics* 1892 reveal a poet of intense narrative power and metaphorical resource adept at transforming miscellaneous sources into haunting and original poems A major revision of his earlier narrative *The Wanderings of Oisín* takes place in this decade when Yeats is also taken up with the composition of elaborate and uncanny symbolic lyrics many of them resulting from his love for Maud Gonne that are finally collected in *The Wind Among the Reeds* 1899 This edition makes it possible to trace in detail Yeats s debts to folklore and magic alongside his involved and often difficult private and public life in poetry of exceptional complexity and power *The Druids* Stuart Piggott, 1968 Describes Celtic society in which the historic Druids lived in the second century BC the sources of information about Druids in classical and vernacular writings and the creation of Druid myths **The Ballad Literature and Popular Music of the Olden**
