Colin Rimington

Victorian Justice:

History of the Criminal Justice System in Victoria Colin Rimington, 2023-02-01 This is an authoritative comprehensive account of Victoria's justice system starting with a tour of the historic justice precinct which is located on the corner of La Trobe Street and Russell Street Melbourne The author takes us back to the earliest days of Victoria's settlement and introduces the politicians police magistrates and even the criminals who played their parts in Melbourne and Victoria's development We are shown how the prison hulks developed into stockades on land and uncover the philosophy behind the construction of the prisons many no longer occupied and the building of courts which were built for conducting trials both civil and criminal The book is in many ways an insight into an aspect of Victoria's social history about which little has been written elsewhere It is a valuable addition to the justice bibliography and even exposes a mystery or two It took seven years to research and fact check and includes many photos All of the author's proceeds of this book after costs will be donated to Victoria Police Legacy which looks after families of deceased police officers who have died in the course of their duties

The Victorian Reports, 1877 The Victorian Law Reports Victoria. Supreme Court, 1882 **Civilising Criminal Justice** David J. Cornwell, John R. Blad, Martin Wright, 2013 Probably the best collection there is Civilizing Criminal Justice is an inescapable resource for anyone interested in restorative justice truly international and packed with experience while combining history theory developments and practical advice This volume of specially commissioned contributions by widely respected commentators on crime and punishment from various countries is a breakthrough in bringing together some of the best arguments for long overdue penal reform An increasingly urgent need to change outmoded criminal processes even in advanced democracies demands an end to those penal excesses driven by political expediency and damaging notions of retribution deterrence and punishment for its own sake Civilising criminal justice will make it fairer more consistent understandable and considerate towards victims of crime currently largely excluded from participation Principles of reparative and restorative justice have become increasingly influential in the quest to provide justice which tackles harm compensates victims repairs relationships resolves debilitating conflicts and calls offenders to account And in any case what real justification is there for subjecting more and more people to the expensive but hollow experience of prison especially at a time of economic stringency Civil justice in its various forms can be swifter cheaper and more effective in court or through mediated processes focusing on the harmful consequences of offences rather than inflicting punishment that may satisfy a baying media but come home to haunt the community This brave and generous book 600 pages illustrates the many different ways in which criminal justice can be civilised and how lessons can be learned from practical experience across the world and shared expertise It is a volume that every politician should read every criminal justice professional should possess and that every student of criminology and penology will find invaluable David Cornwell John Blad and Martin Wright are three of the leading international experts on this topic with many publications to their names individually Contributors Serge
