Victorian and Modern Poetics Carol T. Christ,1986      **Victorian and Modern Poetics** Carol T. Christ,1984      **Poetics en passant** A. Jamison,2016-02-03 Poetics en Passant presents a cross channel poetics that redefines the relationship between Victorian and modern poetry by understanding Christina Rossetti's poetics of stealth as an important counterpart to Baudelairean shock      **Poetics En Passant: Redefining the Relationship Between Victorian and Modern Poetry** ,2019      **The Oxford Handbook of Victorian Poetry** Matthew Bevis,2013-10 The Oxford Handbook of Victorian Poetry offers an authoritative collection of original essays and is an essential resource for those interested in Victorian poetry and poetics      *A Companion to Victorian Poetry* Ciaran Cronin,2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter      **Poetry of the Victorian Period** George Benjamin Woods,1930      Victorian Poetry Isobel Armstrong,2002-09-11 In a work that is uniquely comprehensive and theoretically astute Isobel Armstrong rescues Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearths its often subversive critique of nineteenth century culture and politics      The Greater Victorian Poets Thomas R. Lounsbury,1901

**Victorian Poetry Now** Valentine Cunningham,2011-08-15 This book is the definitive guide to Victorian poetry which its author approaches in the light of modern critical concerns and contemporary contexts Valentine Cunningham exhibits encyclopedic knowledge of the poetry produced in this period and offers dazzling close readings of a number of well known poems Draws on the work of major Victorian poets and their works as well as many of the less well known poets and poems Reads poems and poets in the light of both Victorian and modern critical concerns Places poetry in its personal aesthetic historical and ideological context Organized in terms of the Victorian anxieties of self body and melancholy Argues that rhyming repetition is the major formal feature of Victorian poetry Highlights the Victorian obsession with small subjects in small poems Shows how Victorian poetry attempts to engage with the modern subject and how its modernity segues into modernism and postmodernism      **The Greater Victorian Poets** Hugh Walker,1895      **Victorian Poetry** ,2016

*English Poetry of the Victorian Period, 1830-1890* Bernard Arthur Richards,2001 Deeply unpoetical was how Matthew Arnold described the Victorian period and many of his contemporaries would have agreed Even to later generations poetic achievement from 1830 to 1890 seems dwarfed by the great burgeoning of the novel However English Poetry of the Victorian Period demonstrates the very real diversity and richness of Victorian poetry This was the era of Tennyson the Brownings

Arnold Swinburne Clough the Rossettis and Hopkins poets who not only wrote with distinctly original voices but who also reflected the deeper tensions of their time Bernard Richards balances detailed analysis of individual poets and works with a broader perspective of the poetic spirit of the age Two new chapters have been added to this revised edition on nonsense poetry and women poets He characterises the Victorian age as one of tremendous poetic wealth related to but different from the Romantic period which preceded it and the Modernist period which followed it

**British Poets of the Nineteenth Century** Curtis Hidden Page,1921

Literature in the Making Nancy Glazener,2015-11-12 Using the U S as a case study Literature in the Making examines the public life of literature between the late eighteenth century and the early twentieth century bringing together the development of literature s intellectual infrastructure literature s operation in print culture literature s changing status in higher education and the surprisingly rich and interesting history of public literary culture

Victorian Poetry Laurence W. Mazzeno,1995 Provides annotations to critical commentaries for more than eighty of the most widely read and taught poems by major and minor Victorian figures

The Life of the Spirit in the Modern English Poets Vida Dutton Scudder,1895

**Victorian Poets and the Changing Bible** Charles LaPorte,2011-11-17 Victorian Poets and the Changing Bible charts the impact of post Enlightenment biblical criticism on English literary culture The eighteenth and nineteenth centuries saw a widespread reevaluation of biblical inspiration in which the Bible s poetic nature came to be seen as an integral part of its religious significance Understandably then many poets who followed this interpretative revolution including Alfred Lord Tennyson Robert Browning and Elizabeth Barrett Browning came to reconceive their highest vocational ambitions if the Bible is essentially poetry then modern poetry might perform a cultural role akin to that of scripture This context equally illuminates the aims and achievements of famous Victorian unbelievers such as Arthur Hugh Clough and George Eliot who also responded enthusiastically to the poetic ideal of an inspired text Building upon a recent and ongoing reevaluation of religion as a vital aspect of Victorian culture Charles LaPorte shows the enduring relevance of religion in a period usually associated with its decline In doing so he helps to delineate the midcentury shape of a literary dynamic that is generally better understood in Romantic poetry of the earlier part of the century The poets he examines all wrestled with modern findings about the Bible s fortuitous historical composition yet they owed much of their extraordinary literary success to their ability to capitalize upon the progress of avant garde biblical interpretation This book s revisionary and provocative thesis speaks not only to the course of English poetics but also to the logic of nineteenth century literary hierarchies and to the continuing evolution of religion in the modern era Victorian Literature and Culture Series

**Tennyson Echoing Wordsworth** Thomas Jayne Thomas,2019-03-14 Uncovering Wordsworth s influence on Tennyson This book explores Tennyson s poetic relationship with Wordsworth through a close analysis of Tennyson s borrowing of the earlier poet s words and phrases an approach that positions Wordsworth in Tennyson s poetry in a more centralised way than previously recognised Focusing on some of the most representative poems of Tennyson s career

including *The Lady of Shalott*, *Ulysses* and *In Memoriam* the study examines the echoes from Wordsworth that these poems contain and the transformative part they play in his poetry moving beyond existing accounts of Wordsworthian influence in the selected texts to uncover new and revealing connections and interactions that shed a penetrating light on Tennyson's poetic relationship with his Romantic predecessor
