We Have Marched Together:

We Have Marched Together Stephen Currie,1997 Examines the problem of child labor during the early twentieth century focusing on a protest march from Philadelphia to New York City in 1903 by a group of child textile workers led by Mother Jones

Together We March Leah Henderson,2021-01-19 March through history and discover twenty five groundbreaking protest movements that have shaped the way we fight for equality and justice today in this stunningly illustrated and sweeping book For generations marches have been an invaluable tool for bringing about social change People have used their voices the words on their signs and the strength in their numbers to combat inequality oppression and discrimination They march to call attention to these wrongs and demand change and action from a local to a global scale Whether demanding protective laws or advocating for equal access to things like voting rights public spaces and jobs the twenty five marches in this book show us that even when a fight seems impossible marching can be the push needed to tip the scales and create a movement This gorgeous collection celebrates this rich and diverse history the often overlooked stories and the courageous people who continue to teach us the importance of coming together to march today
