We Need Zoo Keepers:

We Need Zoo Keepers Lisa Trumbauer,2003 Simple text and photographs present zoo keepers and their role in the community including taking care of many wild animals and making sure the animals have a clean and safe place to live and play

ZooKeeper Flavio Junqueira,Benjamin Reed,2013-11-18 Building distributed applications is difficult enough without having to coordinate the actions that make them work This practical guide shows how Apache ZooKeeper helps you manage distributed systems so you can focus mainly on application logic Even with ZooKeeper implementing coordination tasks is not trivial but this book provides good practices to give you a head start and points out caveats that developers and administrators alike need to watch for along the way In three separate sections ZooKeeper contributors Flavio Junqueira and Benjamin Reed introduce the principles of distributed systems provide ZooKeeper programming techniques and include the information you need to administer this service Learn how ZooKeeper solves common coordination tasks Explore the ZooKeeper API s Java and C implementations and how they differ Use methods to track and react to ZooKeeper state changes Handle failures of the network application processes and ZooKeeper itself Learn about ZooKeeper s trickier aspects dealing with concurrency ordering and configuration Use the Curator high level interface for connection management Become familiar with ZooKeeper internals and administration tools

Zookeeping Mark D. Irwin,John B. Stoner,Aaron M. Cobough,2013-12-09 As species extinction environmental protection animal rights and workplace safety issues come to the fore zoos and aquariums need keepers who have the technical expertise and scientific knowledge to keep animals healthy educate the public and create regional national and global conservation and management communities This textbook offers a comprehensive and practical overview of the profession geared toward new animal keepers and anyone who needs a foundational account of the topics most important to the day to day care of zoo and aquarium animals The three editors all experienced in zoo animal care and management have put together a cohesive and broad ranging book that tackles each of its subjects carefully and thoroughly The contributions cover professional zookeeping evolution of zoos workplace safety animal management taxon specific animal husbandry animal behavior veterinary care public education and outreach and conservation science Using the newest techniques and research gathered from around the world Zookeeping is a progressive textbook that seeks to promote consistency and the highest standards within global zoo and aquarium operations
