**Dice & Glory Core Rulebook** Robert Neri,2008-03-11 Dice and Glory is a complete self contained pen paper role playing system for those yearning for more creativity and flexibility This book provides all the basic parts of the D G system to craft your own unique worlds This game system was designed to be ultimately flexible for any campaign type needing no rewrites to the core system to function in either sci fi or high fantasy settings or in any other imaginable setting It was also written with maximum customization of all characters in mind allowing Players almost complete freedom in customizing their own characters It boasts a detailed but easy to use Combat system using its own class like level system A skill system that is easy to use and adapt to any situation A unique and in depth Magic system which allows for custom Player made spells and a skill based Psionics system that distinguishes itself from the magic system Also there is a full chapter on constructing monsters and races for GM s

*Journeys* Luke West,2023-04-11 A year and a half of adventure battle love and betrayal has all come down to this final encounter The GM is playing epic music The pizza is going cold and you can hear a ceremonial slurp of soda before every dice roll Your character was raised by a great wizard of a father and a priest like sage of a mother You grew up around books and magic yet because you picked up a sword spells have been forever blocked from your path Why Because your class just doesn t work that way Too bad you can t use that life saving scroll your party has kept in your bag all campaign Time to throw off the shackles *Journeys* Role Playing Game is designed to be balanced filled with options and yet nothing about your character s life choices prevents him from trying something new In this system the character s journey is truly yours Your every action will determine how you grow Want to cast magic Everyone starts somewhere It may blow up in your face but you will have learned something about how to not make the magical mistake again Want to be warrior Then you better start picking up some steel and training with it over some poor monster s skull The rules of *Journeys* provide your GM with a strong referee system to make the world solidly realistic yet open enough to be wildly fantastic When you create your character you may start as anything you can image No combination of skills is beyond the light of the rules here But choose carefully what you decide to specialize in because changing your mind later will mean having to work from ground zero on up Your journey starts here
