Just How Dumb Do You Think I Am? Samuel Goodwin,2008-03 Just How Dumb Do You Think I Am Makes you ask yourself this question When scientists and scholars are trying to push their theories and ideas off on you This book contains some of the Lords answers to them With cross references in the Bible that prove out the validity of the word of God and its references to the everyday Life we live and about prophesies coming to pass and about creation verses evolution It tells some of the problems I have encountered and some of the people around me It dispels evolution and what a lot of scientists are saying about the big bang theory It tells about a vision the Lord gave me about Spiritual dreams that I had these things only God could know about God brought me back to life six times He also inspired me to write this book You will not be disappointed Samuel H Goodwin was born in 1942 in Aztec New Mexico In the early sixties he served his country in the Armed Forces stationed in South Korea and Fort Polk Louisiana As a born again Christian Mr Goodwin worked as a Union Industrial Asbestos Insulator on electric generating powerhouses across the United States spreading the Gospel of Jesus Christ to his fellow employees as he felt guided by the Lord Many times he has felt the protection and guidance of Christ in his travels Today Mr Goodwin resides with his wife on his farm in Oklahoma and is a faithful member and Deacon of his local Christian church

Why Do We Go to the Zoo? Erik A. Garrett,2013-12-05 Despite hundreds of millions of visitors each year zoos have remained outside of the realm of philosophical analysis This lack of theoretical examination is interesting considering the paradoxical position within which a zoo is situated being a space of animal confinement as well as a site that provides valuable tools for species conservation public education and entertainment Why Do We Go to the Zoo argues that the zoo is a legitimate space of academic inquiry The modes of communication taking place at the zoo that keep drawing us back time and time again beg for a careful investigation In this book the meaning of the zoo as communicative space is explored This book relies on the phenomenological method from Edmund Husserl and a rhetorical approach to examine the interaction between people and animals in the zoo space Phenomenology the philosophy of examining the engaged everyday lived experience is a natural method to use in the project Despite its rich history and tradition it is interesting that there are very few books explaining how to do phenomenology Why Do We Go to the Zoo provides a detailed account of how to actually conduct a phenomenological analysis The author spent thousands of hours in

zoos watching people and animals interact as well as talking with people both formally and informally This book asks readers to bracket their preconceptions of what goes on in the zoo and instead to explore the meaning of powerful zoo experiences while reminding us of the troubled history of zoos
