Why Churches Should Not Pay Taxes:

Why Churches Should Not Pay Taxes Dean M. Kelley,1977 Taxing the Church Edward A. Zelinsky,2017 The Federal Constitutional Law on taxation and religion State Constitutions on religion and taxation The Internal revenue Code and religious institutions State tax statutes and religious exemptions Untangling entanglement Parsonages parsonage allowances and the religious exemptions from Social Security Taxes and the Health Care mandate Other issues for the future Churches lobbying campaigning and sales taxation Constitutional and tax policy issues So Many Christians, So Few Lions George Yancey,David A. Williamson,2014-11-06 So Many Christians So Few Lions is a provocative look at anti Christian sentiments in America Drawing on both quantitative and qualitative research authors George Yancey and David A Williamson show that even though or perhaps because Christianity is the dominant religion in the United States bias against Christians also exists particularly against conservative Christians and that this bias is worth understanding The book does not attempt to show the prevalence of anti Christian sentiments called Christianophobia but rather to document it to dig into where and how it exists to explore who harbors these attitudes and to examine how this bias plays itself out in everyday life Excerpts from the authors interviews highlight the fear and hatred that some people harbor towards Christians especially the Christian right and the ways these people exhibit elements of bigotry prejudice and dehumanization The authors argue that understanding anti Christian bias is important for understanding some social dynamics in America and they offer practical suggestions to help reduce religious intolerance of all kinds Why I Believe in Fair Taxation of Church Property Joseph McCabe,1930
