Why People Don't Believe Paul Chamberlain, 2011-05-01 Religion is increasingly seen as a dangerous source of violence in the world breeding a fear of faith in a very vocal group of critics Most Christians are blissfully unaware of the litany of allegations being brought against religion including that it is the cause of intolerance imperialism irrationality bigotry and war to name a few But ignorance is not the answer In Why People Don't Believe Paul Chamberlain strives to represent the concerns and challenges raised against religious faith particularly those raised against Christianity to help readers understand them He then thoughtfully responds to these criticisms honestly evaluating whether they have merit Lastly he outlines the many good and humane contributions Christianity has made to the world throughout the past 2 000 years Anyone who is troubled by today's headlines involving religious violence or who wants to be able to respond intelligently to critics will find Why People Don't Believe a welcome hopeful book
