Why Surrender Is Not A Four Letter Word:

Why Surrender Is Not a Four Letter Word Linda Russell,2005-07-01 *Holy Is a Four-Letter Word* Charles C. Lake,Matthew I. Ayars,2016-02-17 Holy Is a Four Letter Word responds to the need for an accessible and simple articulation of the holy life and what it means for the collective church as well as for individual believers This goal is accomplished by taking the fundamental tenets of holiness doctrine and shaping them around twelve four letter words 1 Holy 2 Self 3 Full 4 Pure 5 Will 6 Mind 7 Body 8 Love 9 Rest 10 Life 11 Sent and 12 Call Each chapter deals with holy living according to scripture as it pertains to each four letter word Setting the concept of holiness against the backdrop of modern and often profane media culture accomplishes two objectives 1 it reveals the relevance and urgency of holy living amongst a super charged secular media culture and 2 defining holy living first and foremost by what it is not thereby accentuating holy as being set a part for the purposes of God

Power Is Not a Four-Letter Word Isabel L. Kersen,2005-07 God and the Financial Crisis Gary D. Badcock,2016-02-08 A fundamental belief in personal liberty and in the ability of free markets to realise the good lies at the heart of the neoliberal economic orthodoxy that has now shaped public policy for a generation Confidence in orthodox economics has however been badly shaken by the financial crisis of 2008 and in the years following by the effects of the Great Recession The era of casino banking was not only an era of de industrialisation and under employment but also of iniquitous tax avoidance schemes and of grotesquely inflated levels of social inequality Such factors we now realise have reduced the life prospects of millions of our fellow citizens This interdisciplinary volume of essays with wide ranging contributions by theologians and social scientists explores the theological economic and moral implications of these developments Its central claim is that neoliberalism s failure to appreciate the limitations of its fiduciary commitments contributed massively to the economic crisis A more honest appraisal of the relation between the language of belief and the sphere of economic behaviour is therefore required This must also result in appropriate policy changes to harness the power of the economy to serve a more generous vision of the human good

An Awakening Within Jeffrey Alan Hall,2002-02 If there is to be an awakening it must be with in us within each of our souls for that is the only place that true and lasting change can occur We must awaken to the wonderful possibilities of what we can become as one world and not focus on what we have been as separate nations We must awaken to the things we are for the things that unite us as a planet and not dwell on what we are against by drawing lines in the sand We must awaken to the power of the God force and allow it to lead our collective consciousness to a new and higher way of being We must awaken to the power of love Jeffrey Alan Hall From An Awakening Within
