**Getting It Right** Raymond L. Calabrese,2012-09-27 *Getting It Right The Essential Elements of the Dissertation* was written for graduate students writing their dissertations Clearly written and organized into five thematic chapters introduction and rationale review of literature methods results findings and interpretation and recommendations this key writing source includes comprehensive examples taken directly from high quality scholarly dissertations With motivational pep talks for graduate students and appropriate tips for mentors *Getting It Right* is a thorough but reader friendly guide for both dissertation writers and their faculty advisors *A Guide Through the Dissertation Process* Mary O'Malley Ernst,1981 The result of over 15 years experience helping doctoral students complete their PhD dissertations at the University of Michigan This work includes definitions of terms time schedules a checklist and other sections designed to assist in the process of dissertation writing **From Dissertation to Book** William Germano,2014-02-27 How to transform a thesis into a publishable work that can engage audiences beyond the academic committee When a dissertation crosses my desk I usually want to grab it by its metaphorical lapels and give it a good shake You know something I would say if it could hear me Now tell it to us in language we can understand Since its publication in 2005 *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general

readers Now revised and updated to reflect the evolution of scholarly publishing this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience a committee or advisors to those of a broader scholarly audience that wants writing to be both informative and engaging William Germano offers clear guidance on how to do this with advice on such topics as rethinking the table of contents taming runaway footnotes shaping chapter length and confronting the limitations of jargon alongside helpful timetables for light or heavy revision Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy whether reading on a page or a screen He also acknowledges that not all dissertations can or even should become books and explores other often overlooked options such as turning them into journal articles or chapters in an edited work With clear directions engaging examples and an eye for the idiosyncrasies of academic writing he reveals to recent PhDs the secrets of careful and thoughtful revision a skill that will be truly invaluable as they add author to their curriculum vitae

### **Developing Quality Dissertations in the Sciences**

Barbara E. Lovitts, Ellen L. Wert, 2023-07-03 This is one of three short booklets designed to be given to graduate students as they begin their studies They explain the purposes of the dissertation and the criteria by which it will be assessed They help students understand the context of their course work the need to take an active role in shaping their studies and the importance of thinking ahead about the components of the dissertation and the quality of scholarship they will need to demonstrate These booklets are intended to support the dissertation research and writing process by providing faculty and advisors with guidelines for setting clear expectations for student performance and with a model for helping students produce the desired quality of work They encourage dialogue between faculty and students about the quality of the components of their dissertation project They include rubrics that students can use to self assess their work and that can aid faculty in providing focused feedback Setting explicit targets and benchmarks of excellence of the sort advocated in these booklets will enable departments and universities to respond to demands for accountability with clear criteria for and evidence of success and will raise the overall quality of student performance

*Prepare to Chair* Gretchen Oltman, Jeanne L. Surface, Kay Keiser, 2019-05-24 Leading the thesis or dissertation process can be a challenging and rewarding experience However serving as a doctoral dissertation or master s thesis Chair is often a role assumed with very little faculty development and a lot of guesswork Many new and yes even experienced Chairs rely on the secondhand advice of seasoned faculty or on their own lived experiences as graduate students both good and bad This can lead to confusion frustration and contentious relationships Without a chairperson who is invested and who has a clear set of best practices both the Chair and the student are left guessing as to the best course to proceed This book provides a clear set of best practices for the

dissertation or thesis chairperson by providing hands on tools real life illustrations and practical advice for any faculty member guiding and coaching the student through the thesis or dissertation process *The Dissertation Handbook* Eileen T. Nickerson,1993 **How to Complete and Survive a Doctoral Dissertation** David Sternberg,1981-06-15 Mastering these skills spells the difference between A B D and Ph D refuting the magnum opus myth coping with the dissertation as obsession magnificent or otherwise the fine art of selecting a topic writing the dissertation with publication in mind when to stand your ground and when to prudently retreat if the committee s conception of your thesis differs substantially from your own dealing with obstructive committee members and keeping the fences mended how to reconsider negative findings as useful data reviewing your progress and getting out of the dissertation dumps defending your paper successfully distinguishing between mere formalities and a serious substantive challenge exploiting the career potential of your dissertation and much much more **Summary of the Dissertation[s] Submitted in Partial Satisfaction of the Requirements for the Degree of Doctor of Philosophy** University of California, Berkeley.
