The Dragonfly Door John Adams,2007 Help children identify the beauty and hope in all cycles of life as they follow two insects Lea and Nym and the struggles Nym endures when her friend disappears The Dragonfly Door is a tender story about loss and change written to help parents and adults express their views about life and death Adults who work with children find this book helpful because it encourages some children to talk about their unique feelings associated with a loss or change Children may identify with Nym who grieves the loss of her friend and find it easier to express their feelings about a loss after hearing the story Some teachers will follow up with a discussion either one on one in class or through a writing assignment For those interested in nature this book includes the real life cycle of the dragonfly at the end Parents and grandparents sometimes interpret Lea s transformation into a beautiful dragonfly above the marsh as a metaphor for heaven or as an analogy to life after death Someday Nym will see her friend again in this new world In this way the core message of the story becomes one of hope for those who grieve the loss of someone The Dragonfly Door may serve many purposes such as comforting a grieving child or providing facts about dragonflies Beautifully illustrated by Barbara L Gibson the book is cherished by parents grandparents and teachers *I.
