## **The Duellists:**

The Duellists; Or, Men of Honour William Lucas, 1805      **The Culture and Philosophy of Ridley Scott** Adam Barkman, Ashley Barkman, Nancy Kang, 2013-03-08

The Culture and Philosophy of Ridley Scott edited by Adam Barkman Ashley Barkman and Nancy Kang brings together eighteen critical essays that illuminate a nearly comprehensive selection of the director's feature films from cutting edge multidisciplinary and comparative perspectives Chapters examine such signature works as *Alien* 1979 *Blade Runner* 1982 *Thelma and Louise* 1991 *Gladiator* 2000 *Hannibal* 2001 *Black Hawk Down* 2001 and *American Gangster* 2007 This volume divides the chapters into three major thematic groups responsibility remembering and revision real alienated and ideal lives and gender identity and selfhood Each section features six discrete essays each of which forwards an original thesis about the film or films chosen for analysis Each chapter features close readings of scenes as well as broader discussions that will interest academics non specialists as well as educated readers with an interest in films as visual texts While recognizing Scott's undeniable contributions to contemporary popular cinema the volume does not shy away from honest and well evidenced critique Each chapter's approach correlates with philosophical literary or cultural studies perspectives Using both combined and single film discussions the contributors examine such topics as gender roles and feminist theory philosophical abstractions like ethics honor and personal responsibility historical memory and the challenges of accurately rendering historical events on screen literary archetypes and generic conventions race relations and the effect of class difference on character construction how religion shapes personal and collective values the role of a constantly changing technological universe and the schism between individual and group based power structures

The Culture and Philosophy of Ridley Scott assembles the critical essays of scholars working in the fields of philosophy literary studies and cultural studies An international group they are based in the United States Canada Argentina Italy Greece Korea the United Kingdom and New Zealand The guiding assumption on the part of all the writers is that the filmmaker is the leading determiner of a motion picture's ethos artistic vision and potential for audience engagement While not discounting the production team including screenwriters actors and cinematographers among others auteur theory recognizes the seminal role of the director as the nucleus of the meaning making process With Scott an active and prolific presence in the entertainment industry today the timeliness of this volume is optimal

**Fine-paper ed** Justin McCarthy, 1905      *The Ridley Scott Encyclopedia* Laurence Raw, 2009-09-28

From his first feature film *The Duellists* to his international successes *Alien* *Blade Runner* *Thelma and Louise* *Black Hawk Down* *Gladiator* and *American Gangster* Ridley Scott has directed some of the most compelling films of the last 30 years Apart from his work as a film director Scott has engaged in a vast range of activities including that as a designer producer film mogul and advertising executive

The Ridley Scott Encyclopedia is the first book that focuses on all aspects of his work in a wide ranging career that spans nearly 50 years The entries in this encyclopedia focus on all aspects of his work and are divided into four categories

The first focuses on Ridley Scott's work as a director encompassing his feature films from *The Duellists* to *Body of Lies* as well as his work in television including commercials. The second category focuses on the people who have been involved in Scott's projects including actors, directors, producers, designers, writers, and other creative personnel. The third focuses on general thematic issues raised in Scott's work such as gender construction, political issues, and geographical locations. Finally, the encyclopedia incorporates entries on films by other directors who have influenced Scott's approach to his work as a director or producer. Each entry is followed by a bibliography of published sources both in print and online, making this the most comprehensive reference on Scott's body of work.
