**The Battle of the Otranto Straits** Paul G. Halpern,2004-06-15 Called by some a Mediterranean Jutland the Battle of the Otranto Straits involved warships from Austria Germany Italy Britain and France Although fought by light units with no dreadnoughts involved Otranto was a battle in three dimensions engaging surface vessels aircraft and subsurface weapons both submarines and mines An attempt to halt the movement of submarines into the Adriatic using British drifters armed with nets and mines led to a raid by Austrian light cruisers The Austrians inflicted heavy damage on the drifters but Allied naval forces based at Brindisi cut off their withdrawal The daylight hours saw a running battle with the Austrians at considerable risk Heavier Austrian units put out from Cattaro in support and at the climactic moment the Allied light forces had to turn away permitting the Austrians to escape In the end the Austrians had inflicted more damage than they suffered themselves The Otranto action shows the difficulties of waging coalition warfare in which diplomatic and national jealousies override military efficiency The Dover Patrol 1915-1917 Sir Reginald Bacon,1919 *The Merchant Navy: The intensive submarine campaign (I), February-April, 1917 ; The third winter of patrol work ; The Tenth Cruiser Squadron (I), March 1916-December 1916 ; The defensive arming of merchant ships ; Training the merchant seamen to fight ; The intensive submarine campaign (II), May-June 1917 ; The Tenth Cruiser Squadron (II), January 1917-December 1917 ; Dazzle painting ; The Auxiliary Patrol ; The intensive submarine campaign (III), July 1917-November 1918 ; The sinking of hospital ships ; Merchant seamen prisoners ; The failure of the submarine ; Appendix. *Securing the Narrow Sea* Steve R Dunn,2017-01-31 The Dover Patrol which brought together an assortment of vessels ranging from the modern to the antique and included cruisers monitors destroyers trawlers drifters yachts and airships was commanded by a series of radical and polarizing personalities and increasingly manned by citizen volunteers Between 1914 and 1918 the men of the Patrol sought to shut down German access to the Atlantic via the narrows of the English Channel with the goal of preventing German bound trade going in and U boats commerce raiders and warships going out Their story has rarely been told but it was the longest and probably the most arduous continuous naval campaign of the war demanding much sacrifice of ships and men Using firsthand accounts of the participants the book examines the wide ranging exploits of the Dover Patrol from shore bombardment barrage building and maintenance antisubmarine work and escort duties to the protection of troops and supplies to the Western Front and ship to ship engagements with German forces It also charts the infighting at the Admiralty which led to two changes of command and examines the personalities of the men involved The author paints a vivid picture of a vital and little known part of the war at sea bringing its exploits and challenges to life and culminating with the infamous Zeebrugge and Ostend raids An important new book      **Brassey's Naval Annual** ,1916

**The Children's Story of the War** Edward Parrott,1918      **British Warship Losses in the Ironclad Era 1860-1919** David Hepper,2006 A chronological listing of all British naval vessels lost through accident or enemy action from 1860 to the end of the First World War with full descriptions of the circumstances A sequel to David Hepper s highly valuable *British Warship Losses in the Age of Sail* which is now the standard reference on the subject this volume carries the coverage forward from the first ironclad to the end of the First World War All losses down to the smallest vessels are included whether caused by accident stress of weather or enemy action and full details of the circumstances are given based on courts of enquiry senior officers reports and other primary source material Many incidents in this volume have never previously been studied in any depth including scores of sinkings during the First World War so the book represents a real and substantial contribution to the subject But it is more than a bald recitation of facts with highly readable entries containing fascinating and little known details There is also a representative selection of photographs showing the variety of fates suffered by warships in this era The organization is basically chronological but there are full indexes by ship name by commanding officer and by ship type making thematic research that much easier In summary the book is an important new source of reference for the naval history of this period      *Tremor* Patrick Carman,2014-02-25 *Tremor* the second book in bestselling author Patrick Carman s *Pulse* trilogy is filled with more action packed scenes and romance *Tremor* will excite fans of *I Am*

Number Four and The Maze Runner with its richly developed characters and electrifying story of love and revenge In the year 2051 some people have a second pulse Like all who have the pulse Faith Daniels and Dylan Gilmore have telekinetic powers they can move objects with their minds But there are five second pulses in the world who have an even greater power They are virtually indestructible Both Faith and Dylan have the second pulse As Dylan executes a plan to infiltrate enemy grounds he ll have to face his only weakness and a family secret that will threaten his very existence
