Whose View Of Life:

Whose View of Life? Jane Maienschein,2009-07-01 Saving lives versus taking lives These are the stark terms in which the public regards human embryo research a battleground of extremes a war between science and ethics Such a simplistic dichotomy encouraged by vociferous opponents of abortion and proponents of medical research is precisely what Maienschein seeks to counter with this book

Fundamental conceptions as to the characteristics and embodiments of life, with special reference to pathology Joseph Coats,1894

Life in the Balance Welsh S. White,2026-02-16 Life in the Balance is a critical examination of our system of capital punishment Individual essays carefully scrutinize legal rules that are of particular significance when a defendant s life is at stake One essay discusses the admissibility of confessions obtained by police trickery another the admissibility of government psychiatric testimony and still another the constitutional problems raised by the practice of death qualifying juries in capital cases In addition the introduction places these issues in a proper context by explaining how the Supreme Court has erected a particular system of capital punishment and delineating the legal issues that are likely to be especially significant in the future Particularly directed to law professors and lawstudents the book should be of interest as well to lawyers and judges who are involved in litigating issues related to capital punishment and it should appeal to readers who are interested either in the death penalty or in the way in which the legal system seeks to provide procedural safeguards for those accused of serious offenses
