Why I Believe D. James Kennedy, 1999-03-06 In this powerful declaration of what Christians believe and why Kennedy explores the foundations of the Christian faith For new believers and seasoned Christians alike this book will strengthen their faith by answering that all consuming question *Why* *Ten Reasons Why I Believe the Bible Is the Word of God* R.A. Torrey, 2015-04-01 I was brought up to believe that the Bible was the Word of God In early life I accepted it as such upon the authority of my parents and never gave the question any serious thought But later in life my faith in the Bible was utterly shattered through the influence of the writings of a very celebrated scholarly and brilliant sceptic I found myself face to face with the question Why do you believe the Bible is the Word of God I had no satisfactory answer I determined to go to the bottom of this question If satisfactory proof could not be found that the Bible was God s Word I would give the whole thing up cost what it might If satisfactory proof could be found that the Bible was

God's Word I would take my stand upon it cost what it might I doubtless had many friends who could have answered the question satisfactorily but I was unwilling to confide to them the struggle that was going on in my own heart so I sought help from God and from books and after much painful study and thought came out of the darkness of scepticism into the broad daylight of faith and certainty that the Bible from beginning to end is God's Word The following pages are largely the outcome of that experience of conflict and final victory I will give Ten Reasons why I believe the Bible is the Word of God

Why not believe? And why I believe... Roger Malstead, Ronald Clements, 2019-09-24 A short book written in a first person direct conversational style arguing the case for the claims of Christianity including personal testimony An argument for the existence and nature of God from our scientific knowledge of the universe A look at the historical evidence for the life of Jesus his death and resurrection A presentation of the nature and reliability of the Bible

[Why I Believe in God](#) Jo O. De Deus Brasil, João De Deus Brasil, 2012-07 Jo o de Deus Brasil's book comprises two independent but related works *Why I Believe in God* and *Atheism a Self Delusion* In *Why I Believe in God* the author reveals the origins of his faith whereas in *Atheism a Self Delusion* he refutes atheists arguments expressed by their current world leader Richard Dawkins in his best seller *God a Delusion* Regarding the renowned biologist's ideas Jo o de Deus states In his book Richard Dawkins does not provide any theory capable of scientifically justifying his negation of God's existence And besides he does not put forward any evidence whatsoever either scientific or empirical in support of that nonexistence Between the lines of his own words one can clearly see his subconscious knowledge about the life of the spirit anterior and posterior to material life By analyzing his quotations of other wise monistic men without even excluding the magnificent Albert Einstein one can clearly perceive that they themselves have this subconscious knowledge and they reveal it as they express their thoughts Materialism is therefore a delusion The true monist does not exist for all of us have subconscious knowledge of our spiritual existence before during and after our material lives We express ourselves according to this knowledge whoever we are believers or skeptics intellectuals scientists or illiterate peasants In the same way we are also aware of the existence of God

and that's why faith is revealed in children. For the same reason among many others as we have seen, faith is revealed in all peoples and cultures with no exception. These realities are perfectly clear for those who want to see. They provide irrefutable absolute proof that atheism, like materialism and monism, is a self-delusion.
