[Building Sustainability in East Asia](#) Vincent S. Cheng, Jimmy C. Tong, 2017-03-22 Building Sustainability in East Asia Policy Design and People illustrates the holistic approaches and individual strategies to building sustainability that have been implemented in construction projects in Asia Top down and bottom up approaches from formulating policy to constructing individual buildings are effective in terms of the sustainable development of cities and this book covers both illustrated with a range of case study developments

**Sustainability on University Campuses: Learning, Skills Building and Best Practices** Walter Leal Filho, Ugo Bardi, 2019-06-03 The implementation of sustainability initiatives on campuses is an essential component of promoting sustainability in the higher education context In addition to reflecting an awareness of environmental issues campus programmes demonstrate how seriously universities take sustainability at the institutional level There is a lack of truly interdisciplinary publications that comprehensively address the issue of campus greening and there is an even greater need for publications that do so at a truly international level This book meets these needs It is one of the outcomes of the Second Symposium on Sustainability in University Campuses SSUC 2018 which was jointly organised by the University of Florence Italy Manchester Metropolitan University UK the Research and Transfer Centre Sustainable Development and Climate Change Management and the European School of Sustainability Science and Research at the Hamburg University of Applied Sciences Germany in cooperation with the Inter University Sustainable Development Research Programme IUSDRP The book showcases examples of campus based research and teaching projects regenerative campus design low carbon and zero carbon buildings waste prevention and resilient transport among others Ultimately it demonstrates the role of campuses as platforms for transformative social learning and research and explores the means by which university campuses can be made more sustainable The aims of this publication are as follows to provide universities with essential information on campus greening and sustainable campus development initiatives from around the world to share ideas and lessons learned in the course of research teaching and projects on campus greening and design especially successful initiatives and good practice and to introduce methodological approaches and projects intended to integrate the topic of sustainable development in campus

design and operations This book gathers contributions from researchers and practitioners in the field of campus greening and sustainable development in the widest sense from business and economics to the arts administration and the environment and hailing from Europe Latin America North America and Asia

**The Architect's Handbook of Professional Practice Update 2004** The American Institute of Architects,2004-03-30 The Architect s Handbook of Professional Practice Update 2004 offers the latest critical information to supplement the Thirteenth Edition Updated sample contracts Includes an overview and new sample documents on CD ROM Expanded practice topics Features seven new topics including proven techniques for improving client communications and four new services such as building security assessment that architects can provide Practice profiles Contains seven practice profiles that illustrate how firms of all sizes can increase business and profits by adding new practice methods and services

**The Architecture Student's Handbook of Professional Practice** American Institute of Architects,2017-01-09 The essential guide to beginning your career in architecture The Architecture Student s Handbook of Professional Practice opens the door to the vast body of knowledge required to effectively manage architectural projects and practice A professional architect is responsible for much more than design this book is specifically designed to help prepare you for the business and administrative challenges of working in the real world whether you are a student or are just starting out in practice It provides clear insight into the legal financial marketing management and administrative tasks and issues that are integral to keeping a firm running This new edition has been restructured to be a companion textbook for students undertaking architectural practice classes while also fulfilling the specific knowledge needs of interns and emerging professionals It supplements information from the professional handbook with new content aimed at those setting out in the architectural profession and starting to navigate their careers New topics covered in this new edition include path to licensure firm identity professional development strategic planning and integrated project delivery Whether you want to work at a top firm strike out on your own or start the next up and coming team the business of architecture is a critical factor in your success This book brings the fundamentals together to give you a one stop resource for learning the reality of architectural practice Learn the architect s legal and ethical responsibilities Understand the processes of starting and running your own firm Develop manage and deliver projects on time and on budget Become familiar with standard industry agreements and contracts Few architects were drawn to the profession by dreams of writing agreements and negotiating contracts but those who excel at these everyday essential tasks impact their practice in innumerable ways The Architecture Student s Handbook of Professional Practice provides access to the nuts and bolts that keep a firm alive stable and financially sound

**Marketing Green Buildings** Jerry Yudelson,2020-12-17 Engineers architects and contractors seeking to expand their involvement in the green buildings market need a firm grounding in the marketing strategies and tactics which are being used most successfully in this specialized and growing field This book is intended to serve as an effective tool for professional green building enthusiasts and advocates in presenting green design

features sustainable strategies and new products to the potential green building client The author addresses key questions such as How is green building marketing different from other types of professional service marketing What tools and techniques from conventional marketing can be used to greater effect in marketing green buildings What is the size and potential of the green buildings market And how should a firm position itself to succeed in this growing marketplace You ll find clear descriptions of successful strategies and approaches to marketing and selling green building related services as well as up to date information on the role of LEED in green building projects Professional Engineer ,1924

**Sustainable Commercial Interiors** Penny Bonda,Katie Sosnowchik,2006-11-03 In Sustainable Commercial Interiors coauthors Penny Bonda a noted expert on interior design and sustainability and Katie Sosnowchik an interior design editor and innovator share their passion for environmental advocacy while offering designers and architects the technical knowledge important for success in this evolving discipline The authors apply the concept of environmental responsibility to the design of interiors and employ the organization of the LEED Green Building Rating System to sort the design process into five categories sustainable sites water efficiency energy issues materials and indoor environmental quality BOOK JACKET
