

I wish there were a million Mother Earth projects for every day of how this album came together. I would like to see me start with this... The power of music and my songs and the videos I would create for them our lives in the world that we all share.

Some songs, Antic Mistress for example, celebrate nature but others are to One Giant Farm because of the message. In the video for One Giant Farm I'm not a candy-coated version of the message. In the video for One Giant Farm I'm doing what I can artistically at least. We must start somewhere, do not something to make the beleaguered natural world a better place.

I am indebted and honored to have worked with Mike Clark, Auger, Doug Adams and Noel Golden. I need to also thank Gediminas Franckevicius. Have you ever seen a meadow?

Mother Earth was recorded and created by Les Stroud over many years to bring this project to life and into a natural space somewhere. Find the Mother Earth and breathe deep. The
